Information on Your tennis toolkit

The Benjamin Zander video

Karen's presentation

All speakers – Machar was excellent

That TA and TW are trying to help the coaches

Everything

I felt ...

We need more of these presentations +

Your Tennis Toolkit will be advantageous

Motivated

We could have had more time

That we (coaches and TA) are heading in the right direction

I know a lot more about serving

I have still got much to learn, being in a room full of such experience is without doubt the best way to learn and develop my knowledge

Karen Clydesdale made us all feel valued and welcomed. Advice and information was very good

I thought ...

It was great +

Bruce Elliott makes a great presentation, easy to understand and applicable in our coaching

Machar Reid was also very clear and gave constructive advice

I can improve

We could have been on court (weather permitting) +

Confident that things we have talked about today will be acknowledged

The presenters were great

I learned plenty

can apply this immediately

Well done

I wonder ...

More PD days from Machar and Bruce (or other presenters) – practical rather than reading material +

Will I deliver +

Could we have some DVDs of current methods of stroke production to purchase from TA

More PD days, i.e. forehand, serve and backhand

How will it happen being in Perth

How much more can I learn

When can I learn some more
