2024

Intern and career opportunities

Creating a playful world through tennis for everybody, is at the heart of everything we do.

We're on a mission to inspire and provide opportunities for more people to play tennis, and ensure that everyone feels welcome in our sport.

In addition to growing grassroots tennis, we're proud to develop and support Australia's professional players and national teams.

Once a year it all comes together in a celebration of tennis at the Australian Open, one of the largest sporting and entertainment events in the world.

Intern and career opportunities

Together with our state Member Associations, Tennis Australia offers a wide range of career opportunities.

From growing grassroots participation, developing our next Grand Slam champions, delivering world-class events or supporting those who do, there is bound to be a role that matches your skills, interests and talents!

Areas of our business where you can launch your career...

Commercial

Event Operations

How you can get involved...

Internships

Getting in and among the action is one of the best ways to learn, which is why we offer university placement opportunities to eligible students across Australia.

Whether you want to get involved in grassroots tennis participation, learn more about what it takes to deliver a world class event, or flex your business capabilities, we're sure we have the right opportunity for you!

Internship opportunities are advertised on our TA Careers website throughout the year.

AO Event Roles

Each summer tennis takes centre stage at the Australian Open. It takes a huge number of passionate people to deliver a world class event like this and there are a broad range of opportunities available. We start recruiting for these roles in the middle of the year.

Entry Level Roles

We love to see people develop and grow on the tennis court, but also in their careers.

We regularly advertise entry level roles that give you the opportunity to develop what you've learnt at university through on-the-job experience, supported by a collaborative team and our learning and development program.

Make sure you register for job alerts via our TA Careers website and follow us on LinkedIn to stay up-to-date on opportunities.

Intern and career opportunities

Who do we want to join our team?

We want people who are passionate, hard-working and committed to making every experience with tennis playful and inclusive. Selection decisions are based on the role's key requirements, previous experience and skills, as well as team, organisational and cultural fit.

If imagination, collaboration, humility and excellence are principles you live by, we want to hear from you. Consider your application the first chance to put your best foot forward!

Equal opportunity

At Tennis, we embrace differences in gender, age, ethnicity, race, cultural background, disability, religion and sexual orientation.

We have embedded principles of fairness and equity into our recruitment process to ensure we keep our business operations and workplace fair and free from all forms of inequality and discrimination. We encourage all suitable applicants to apply for opportunities at Tennis and get involved!
