Tennis Scores

There have been few issues getting the first week's results entered, not bad considering that we have a few new Captains. Please note that Tennis Scores will only operate properly in **Internet Explorer**. Some parts will work in Edge but not team adjustments.

We are progressing a trial of the App in Division 01 and X1 but at best this is still appears to be several weeks away from any form of a broader roll out. More info as we progress.

Approved Balls

There was some discussion about the balls that might be used for matches. Our Rules require the home team to provide balls approved by Tennis Australia, few problems seem to arise in this regard. For your information a link to the Tennis Australia list of approved balls is provided below.
