Results Entry & The App

The app has been continually updated during the first roster, there have been a few woes but most have been sorted. If you are still having problems with the app please let me know. Next Roster

To date we have received some 30 teams, a couple of Clubs are still working on their teams. It appears that there may be another two or three teams to be had.

On that basis we have extended the entry date to **Thursday January 7th**, Clubs that have already submitted teams are welcome to submit further teams should they find that is possible, and if required as a result of finding additional players, make adjustments to teams that have already been submitted.

Please contact your Club if you haven't registered to play but now wish to do so,

Thanks to those Clubs and players that have continued to support the interclub pennant post COVID and as we transition our processes to work effectively for the two-roster season.

The Committee will be meeting on Sunday January 10th to finalise the divisions and get the roster setup for the February 01st start date.
