Team Captains

Roster 01 – 2021/2022

Hi All

ENTERING PENNANT RESULTS

During the recent work to get the new season underway we have decided that the **tennisscores** app is to be our preferred way of entering results for the coming season.

The advantages of this approach are the relatively simple interface on your phone, the capacity to enter results while enjoying supper after the match and the ladders are up to date more promptly.

Captains will not be able to enter new players which may be an issue early in the season, if you need a new player not in our database please let me know, before you start your match would be good as they may be entered and available when you have finished and are ready to enter the results.

The app is available for both iPhone and Android, the cost is \$6.00 for an annual subscription which will cover both rosters and is available from the App Store (Gary Gormley is the author)

The cost of one subscription will be deducted from your team registration invoice once you are signed up.

It need not be the team Captain, just someone in your team prepared to help out with this one.

If the app is not for you entry via the web and the All Clubs login remains available at no cost, login as below;
www.mytennisadvantage.com

Email: clubs@ayc.com Firstname: All Surname: Clubs Password: club

Please note this requires Internet Explorer, and www.mytennisadvantage.com added to the Compatibility View Settings and will not work with Chrome, Firefox, etc

If neither work for your team first look to someone in your Club to help out, as a last resort please contact me.

Let me know if you have any queries.

Campbell Palfrey

SECRETARY
