### Tennis Ladders

### What's happening:

A couple of weeks ago we were contacted by the Council and advised that the lights on the top courts were being removed for safety reasons. The courts were locked off by the Council until the work was completed. It all happened very fast and within a week the lights were gone, I am pleased to say the courts are now reopen for **daylight use only**. Lights on courts 1 & 2 will be assessed by an engineer soon. Replacement of lights may take a while as plans need to be drawn up, quoted and budgeted for by the Council. In the meantime we are limited to 2 courts for night tennis and therefore the number of teams playing on the same night will be a maximum of two (one home and one away).

We have set a date for a Working Bee, **Sunday 10<sup>th</sup> November at 10am.**

High tensile chain has been installed on all gates around the Club and courts. Please make sure you lock through the chain and latch when locking up the courts.
