# AUSTRALIAN COMPETITIVE PLAY REGULATIONS

## JUNIOR EVENTS

### 1. The Competition

#### 1.1. Title

The competition, a national junior singles, doubles and team's event, shall be called the "Australian Competitive Play Junior Events".

#### 1.2. Purpose and Applicability

Tennis Australia circulates these Australian Competitive Play Regulations for the purpose of providing fair and reasonable rules for the orderly and uniform conduct of Australian Events endorsed by Tennis Australia or the Member Association. These Regulations shall be applicable to all Australian Competitive Play Junior Events that form part of the Australian Competitive Play Calendar.

Additional events endorsed by member associations, club events and other competitions may be conducted under these Regulations, in which case these events must publicise these regulations in their Event Conditions.

Any ambiguity or uncertainty in connection with these regulations shall be resolved by Tennis Australia acting reasonably. Tennis Australia reserves the rights to interpret these regulations when necessary in order to resolve particular or unusual circumstances. In addition, it may be necessary to determine the most appropriate procedures to be utilised in special or unusual circumstances.

These regulations take effect from January 1, 2022 and may be varied from time to time by Tennis Australia. Any new or revised policy, rule, procedure or regulation will be published on the Tennis Australia website ([www.tennis.com.au](http://www.tennis.com.au)) and/or notified to (a) event organisers and officials by email, and (b) Players as part of the event information provided pursuant to Section 3.11(Registration).

All persons participating in any way in an Australian Competitive Play Junior Event (including players, officials, staff, coaches, representatives, agents, medical staff, relatives and associates of a player, a player's entourage and spectators) must refrain from making comments, including to representatives of the media or through social media, that attack, disparage or criticise players, organisers, officials or staff of Australian Competitive Play Junior Events and/or Tennis Australia or the Member Association. Any failure or refusal to do so may be treated as a disciplinary matter and dealt with under the Tennis Australia Code of Behaviour: Competitive Play.

Tennis Australia will also implement pilot activities and trials of regulations at specific events in 2022. These trials will be advertised by the event before commencement of play.

### 1.3. Player Eligibility

A player is eligible for the 2022 Australian Competitive Play Junior Events if they meet the following criteria:

- They are an affiliated member with either i. Tennis Australia; or ii. The Member Association; or iii. Their Club / Centre or Association
- They are 18 years of age or under as at the time of the event. For the purpose of these Regulations, the player's age as of the last day of the month that the event finishes shall be used.
- They are in "good standing" with their Member Association;

A player's state / territory representation for the Australian Competitive Play Junior Events is determined by the state / territory of residency that would have been submitted during the initial creation of the players account.

Players wishing to add / change / update their State of Residency or Name on the Tennis Australia website should send a copy of their passport, birth certificate or other relevant documentation to clarify this amendment to Tennis Australia – [tournaments@tennis.com.au](mailto:tournaments@tennis.com.au).

#### a. National Series Events (12/u & 14/u Nationals and related Qualifying Events)

Players under the age of 10 shall not be eligible for entry into any National Series Event or Signature Series Event (Open or Closed). The player's age as of the first day of the event Main Draw shall be used.

Players eligible to compete in 12/u events may also compete in events for players 14/u.

#### b. Playing 'in age' at National Series Events as well as Signature & Premier Series

Players should play 'in age' (both singles and doubles) at National Series Events (12/u, 14/u, 16/u & 18/u) when all age groups are played concurrently.

Players may however approach Tennis Australia or the respective Member Association before the entry deadline to request permission to enter one Age Group higher than they would be eligible based on the common age entry date.

If Age Groups are played in different weeks at the same National Series, a player may compete in their own age group and in one age group higher in a different week (acknowledging the implications of the "one event per week" rule).

#### c. National Series (Grasscourt, Claycourt & Hardcourt) and Signature Series

Playing up in 'Signature Series Events' having previously won another Signature Series in the 12 preceding months.

Once a player either wins or makes a final (singles only) in a Signature Series Event in their correct Age Group in the same calendar year, they can apply to Tennis Australia or the respective Member Association to play 'out of age' in

subsequent Signature Series Events in the preceding 12 months. This only applies to New South Wales, Queensland and Victorian events.

Playing up in “National Series Events” having previously won a National Series Event in the 12 preceding months. However, once a player either wins or makes a final (singles only) in a National Series Event in their correct Age Group in the preceding 12 months, they can apply to Tennis Australia to play ‘out of age’ when age group events are placed concurrently.

Players can however only compete in one (1) age group (both singles and doubles) where National Series Events are played concurrently. If National Series Events are not played concurrently, players are eligible to enter and compete in older age groups.

#### **d. Grounds for refusing entry**

Tennis Australia or the respective Member Association reserve the right to refuse a player or other participants entry into Australian Competitive Play Junior Events and/or venue for such an event where Tennis Australia or that Member Association determines that the applicable player or participant:

- Is currently suspended by Tennis Australia, a Member Association, the ITF, or another applicable tennis authority, or has any outstanding financial liability or otherwise to any of these organisations, or is otherwise ineligible under any applicable code, rule, regulation, policy or procedure;
- Is not of good standing or character or has or will likely embarrass or bring into ridicule or disrepute Tennis Australia, the Member Association, the applicable event and/or the sport of tennis;
- Has failed to comply with any conditions of entry or other applicable rule, regulation, policy or procedure from the respective Member Association, providing that Tennis Australia has approved any such Member Association decision to refuse a player or participant’s entry: or
- Is not permitted to play in an event for prize money as a result of visa conditions imposed on them by the Australian Immigration Department or is otherwise not permitted to play in an event as a result of conditions imposed by the police, any other government authority or court of law.

#### **1.4. Rules to be Observed**

The following operating procedures for Australian Competitive Play Junior Events are designed to raise the quality of event conduct throughout Australia. They provide parameters to ensure all events endorsed by Tennis Australia or the Member Association are managed professionally and with uniformity across the country and in so doing provide the most optimally positive playing experience for all players.

### 1.6. My Tennis Membership

All players entering Australian Competitive Play Junior Events agree, as a condition of their entry, to register for an annual My Tennis Membership Number, to accept the related terms and conditions and pay the appropriate fee and hence become a member of an affiliated tennis club or member association. Failure by a player to register for a My Tennis Number and to accept the related terms and conditions may result in the rejection of that player's entry.

- When entering a doubles draw at an Age and Gender based event, players must enter in the same age group as their singles draw.
- Teams should be separated into multiple draws so that the combined highest and lowest UTR Rated teams are within a rating band width of 2 in each draw, so that level based play is being achieved (e.g. UTR Rating of 10 – 12)
- All doubles team entries must be received by the Event Director before the entry closing date and/or the advertised deadline to finalise doubles pairings.
- Both players must nominate their partner during the entry process for the entry to be accepted.
- It is the player's responsibility to contact the event if they want to confirm their doubles partner or believe a mistake has been made, prior to the draw being published.
- For all events other than the Junior National Series, if a player has entered a doubles event online without nominating a partner, the event should pair the individual entries together.
- The procedure for pairing these players will be as follows:
  - Paired up with the next highest player with the most recently available verified UTR Ratings (either doubles or singles) without a partner
  - Once all players with a verified UTR Rating have been allocated a partner, any remaining players with a projected or no UTR Rating will be paired by random draw.
  - The pairing of unallocated partners will only be undertaken once and will not be redone if any player withdraws from the event.

## 3.5. Withdrawals

### 3.5.1. The Withdrawal Deadline

For all Australian Competitive Play Junior Events: 11:59pm (local time), seven (7) days prior to the first day of the event.

### 3.5.2. Submission of Withdrawal

All withdrawals must be submitted by the player in writing (via email) or via the player's account in which they entered the event. Events need not issue a refund if the withdrawal procedure is not followed. Withdrawals via SMS will NOT be accepted.

### 3.5.3. Late Withdrawal and/or Failure to Complete Match or Event penalties

A player is permitted four (4) Late Withdrawal and/or Failure to Complete Match or Event violations in total in a calendar year (1 January – 31 December) without incurring disciplinary points.

- a. Before the withdrawal deadline:
  - No penalty, no medical certificate required.

b. After the withdrawal deadline

- Before first match:  
Any withdrawal from a player accepted into the main draw or qualifying that occurs after the Withdrawal Deadline shall be considered a late withdrawal. A player's first four (4) Late Withdrawal and/or Failure to Complete Match or Event offences within a calendar year are excused, provided the withdrawal is received by the Event Director prior to the start of the relevant first match for that player at the event.
- After first match commenced:  
Any withdrawal from a player who has commenced a match within either the Main Draw or Qualifying shall be considered a failure to complete a match or event. A player's first four (4) Late Withdrawal and/or Failure to Complete Match or Event offences within a calendar year are excused, providing the withdrawal is received by the Event Director prior to the start of the relevant next match.

A withdrawal is deemed excused when an event appointed doctor/Sports Physiotherapist assesses the player onsite and verifies that player is unfit to compete in the event.

A player will be issued one disciplinary point under the Tennis Australia Code of Behaviour: Competitive Play when a player has incurred their fifth Late Withdrawal and/or Failure to Complete Match or Event offence in a calendar year.

#### **3.5.4. Withdrawal vs. No Show**

A Withdrawal is received by the Event Director before the start of the relevant first match for that player at the event. A No Show applies when no valid withdrawal is received before the match is called to the court.

- It is the player's responsibility to be aware of the correct withdrawal procedures
- Players are advised to keep copies of all withdrawal documentation in the event of any disputes.
- Withdrawal notification must be in writing (via e-mail – not via SMS or social media channels) and submitted to the Event Director prior to the match being called.

#### **3.5.5. No Show Procedures**

- Any player not ready to play within fifteen (15) minutes after his/her match is called shall be defaulted unless the Referee/Venue Supervisors in their sole discretion, after consideration of all relevant circumstances, elects not to declare a default.

A player who does not appear for a scheduled match will be defaulted from that match. This is recorded as 'no show'.

**NOTE:** For doubles it is essential to accurately record the actual player that does not appear, as the innocent partner will not receive demerit points. Also, it is necessary to complete this within the code violation function within Tournament Planner.

- A player who is defaulted under the "no show" provisions of the code of behaviour may be permitted to play in subsequent draws at the discretion of the Referee/Venue Supervisors. Situations where this may be applicable include (but are not limited to):
  - Family Grievances;
  - Late arrival due to transport difficulties;
  - Incorrect reading of the time schedule;
  - Attending the wrong venue.

However, the player must make contact with the Event Director or Referee/Venue Supervisors within one (1) hour of the scheduled match time on the day of the "no-show" in order to be permitted to play other draws. The player who makes contact within one (1) hour of the no show will be permitted to play both match play and singles/doubles in the event. All other players who committed no show offences must be taken out of all singles and doubles events, including match play. In addition, no show offences in qualifying match play or doubles draws will result in a player being ineligible to sign-in as a lucky loser for the main draw singles draw if a qualifying event was held.

- It should be noted that for the purposes of Code of Behaviour processes the production of a Medical Certificate either during or post event is unacceptable in the case of a "No Show."

**NOTE:** If a player is a No Show, withdraws or retires due to a medical condition at an Australian Pro Tour or Australian ITF World Tennis Tour Junior event, they will be ineligible to compete at an Australian Competitive Play Junior Event within that event week.

### **3.6. Administrative Error on Acceptance List**

If an administrative error is made on an Event Acceptance List and a player is not included or too many players are accepted into the event, the Acceptance List will be corrected at the earliest opportunity in accordance with the most recently available UTR Ratings (released weekly on a Tuesday).

### **3.7. Entering Two Events at the same time**

A player may enter and play in two events (including qualifying draws) where any of the dates of those events overlap (as published on the relevant event information page(s) on the Tennis Australia Website), however they must complete all commitments to the earlier event by the day before their first match of the second event is scheduled.

Under no circumstances can a player be an active participant in two overlapping events on the same day.

#### **Example:**

Event A runs from Sunday to Wednesday and event B runs from Wednesday to Saturday in the same week. The dates for those events overlap on the Wednesday.

The dates will also be considered to overlap where the draw in event A finishes on the Wednesday morning and the draw in event B does not start until the Wednesday afternoon.

An event is under no obligation to accommodate scheduling requests from players to enable them to play in overlapping events, including players who have elected to play events across different states / territories.

In addition, a player may not retire or fail to complete any of their matches from the first event in order to compete in an overlapping event, after the draws for the overlapping event are made public.

A player may be able to participate in two events that overlap, if the events take place at the same venue, subject to prior approval by Tennis Australia. In this instance, the player must have completed his/her commitments to the previous week's event before stepping on court for their first match of the following event. Neither event should have to alter their schedules to enable this to happen.

**a. A player is deemed to be in breach of this regulation if they:**

1. Actively participate in overlapping events on the same day.
2. If they fail to appear for their match i.e. 'No-Show' in the previous events match ON THE DAY OF THE OVERLAP but play in the overlapping event on that same day.
3. Medically or otherwise, fail to complete their commitment or retire (even with production of a verifiable medical certificate) from a previous events match, ON THE DAY OF AN OVERLAP, but then play in an overlapping event ON THAT SAME DAY.
4. Medically or otherwise, fail to complete their commitment or retire (even with production of a verifiable medical certificate) from a match in the previous event on the day prior to the player's first scheduled match in a draw of an overlapping event.
5. Actively seek to encourage their doubles partner to commit (3) and/or (4) above, in order to avoid a potential breach of this regulation. If the relevant Referee/Venue Supervisor in consultation agrees that the non-withdrawing/non-retiring player has not sought to contrive circumstances to allow them to play in the overlapping draw, then the non-withdrawing/non-retiring player will be allowed to play the overlapping draw.

**b. Avoid a breach of this regulation and penalties:**

1. The player, in entering overlapping draws, is solely responsible for remaining in contact with both Event Directors to avoid becoming in breach of this regulation.
2. A player will be excused of any Late Withdrawal penalty from the second event if they are still committed to a previous week's event on the day on which their first match in a draw of an overlapping event is scheduled, provided the player:

- Informs the Event Director of the overlapping event by 5pm on the day prior to their first scheduled match that they remain committed elsewhere: or
- In the case, of them having a match scheduled after 5pm in the previous week's draw, contact the Event Director of the overlapping event in advance of the 5pm deadline to inform them that upon winning, they would no longer be able to play in that overlapping event.
- In the case above, if the player loses, they are no longer committed to the previous week's event and can play the draws of the overlapping event. If the player wins, the Referee/Venue Supervisor of the overlapping event shall withdraw the athlete from the overlapping draw(s) without penalty.

**c. Penalty for breach of this regulation:**

A player found in breach of this rule will.

- Incur disciplinary action in accordance with the Tennis Australia Code of Behaviour: Competitive Play for playing two events (Concurrency);
- A player in breach of this rule that is still an active participant in either or both of the overlapping draws must be immediately defaulted by both Referees/Venue Supervisors, from such draws that caused the breach.

These penalties may be invoked retrospectively at any time within a twelve-month period starting from the date on which the offending player was found in breach of this ruling.

This rule also applies to players remaining an active participant in an Australian Competitive Play Junior event and an ITF/WTa/ATP event at the same time, but in this instance, the player would be in breach of both Australian Competitive Play Junior Regulations as well as those of the relevant international tennis organisation.

Any such vacancies shall be filled by the next eligible athlete on the acceptance list, or in the case of Main Draw, by Lucky Losers, drawn and placed at the same time as the qualifiers. The Qualifying Competition commences when the first ball of the first Qualifying match is struck.

No player who has entered and been accepted into the Qualifying of the event may be named as a Wildcard after the Qualifying Competition has commenced.

In addition to this:

The following procedure may be used when determining seedings for an event: If, in the opinion of the Tennis Australia or the relevant Member Association a player is worthy of being seeded, that player's seeding shall be based on the following criteria:

However, if held under the endorsement of Tennis Australia or the relevant Member Association, the number of available places in the Qualifying Competition for successful pre-qualifying players must be advertised in advance of the pre-qualifying commencing but should not exceed four (4) places.

All draws shall be made by Tennis Australia or the relevant Member Association. In all circumstances the senior official appointed to the event must be given the opportunity to review all draws before they are published to the website - [tournaments.tennis.com.au](http://tournaments.tennis.com.au).

##### 3.13.1. Qualifying

###### a. Sections

The qualifying draw shall be made in sections, and the winner of each section shall be given a place in the main draw, as determined by lot. Positions of the various qualifiers may be pre-allocated in the main draw, but the final position of each individual qualifier must be determined by random lot into the available places in the main draw.

If four (4) qualifiers are required, there shall be four (4) sections; eight (8) qualifiers, eight (8) sections. The draw shall be seeded, and the selection of seeds shall be based on the most recently available singles UTR Rating, notwithstanding exemption rules. Each section shall have two (2) seeded players provided sufficient players have a singles UTR Rating.

###### b. Placing Seeds

The first seed shall be placed at the top of the first section; the second seed shall be placed at the top of the second section and so on until all sections have one (1) seed on the top line.

The remaining seeds shall be drawn as a group. The first drawn shall be placed on the bottom line of the first section, the next drawn at the bottom of the second section, and so on until all sections have one (1) seed on the bottom line.

If there is not a sufficient number of singles UTR Rated players to fill all the positions for seeds in the draw, the section(s) with the highest seeds shall not have a second seeded player.

**c. Remaining Players**

The remaining unseeded players shall be randomly drawn and placed in the vacant places in the draw beginning at the top of the draw.

**d. Byes**

If there are not enough players to fill the qualifying draw, then after the seeds are placed in the draw, the required number of byes shall be awarded to the highest seeds as a first priority and any remaining byes shall be drawn in a manner so as to distribute them as evenly as possible throughout the sections of the draw.

**e. Match Play**

- With one exception, irrespective of the size of the qualifying draw, only players who lose in the first two rounds of the qualifying, whether the first round has all available places filled or not, shall be eligible to play. Where there are 6 or less matches in the first round of qualifying the Referee/Venue Supervisor and the Event Director (in consultation with the MA) may choose to allow a 3rd round of losers signing in for the match play where it will not unduly hold up the schedule and where they believe they will be able to reasonably fit the additional matches in.
- Players who lose in the first two rounds of qualifying must sign in to be eligible to play in the qualifying match play, sign in will close five (5) minutes after the conclusion of the last relevant round match.
- Players who lose in qualifying or qualifying match play cannot also play in the main draw match play. However, players that accept a lucky loser position in the main draw after already competing in the qualifying match play must be taken out of the qualifying match play as soon as the position becomes available and they are placed into the main draw, including stopping a match already in progress. This will allow this player to be eligible for the main draw match play.

**f. Acceptance of qualifiers into Main Draw**

Once the Qualifying Competition has begun, only those players who ultimately win their qualifying section and Lucky Losers may be accepted into the Main Draw. The Qualifying Competition commences when the first ball of the first Qualifying match is struck.

- If the Main Draw is made before the conclusion of the qualifying event, places randomly drawn for qualifiers will be clearly designated as such in the draw. These places will be displayed as “Qualifier”.
- Qualifiers may be seeded, but for this to occur, the main draw should ideally be drawn after the qualifying draw has been fully completed or at least until it is confirmed by completed results that a player who could potentially be seeded in Main Draw if they were to qualify, has actually done so.

**g. Drawing of Qualifiers**

At the conclusion of the Qualifying Competition, the name of one Qualifier shall be randomly drawn for each qualifying place in the Main Draw. There shall be no prior designation of qualifying sections to qualifying places in the Main Draw. Likewise, when more than one Lucky Loser is to be inserted into the Main Draw, their position in the Main Draw shall be determined by drawing. Vacancies occurring before the Qualifying is completed to be filled by Lucky Losers shall be drawn in conjunction with those players that qualified.

**h. Lucky Losers**

- If, during the qualifying event, places become available for Lucky losers, these places as well as all places previously designated as “qualifier”, will now be displayed as “Qualifier/Lucky Loser” and the qualifiers and lucky losers will be drawn together as a group, and randomly into the available places.
- If the qualifiers have been placed before it is known that Lucky Losers are required, the Lucky Losers will be placed in order of priority into the places as they become available. If two or more Lucky Loser places became available at the same time, but after the qualifiers have been placed, then these Lucky Losers will be placed by lot into the available places.
- In order to determine the Lucky Loser priority amongst the players who have lost in the final round of qualifying, a draw should be done immediately upon the conclusion of the final qualifying match. Players with a current UTR Rating that lose in the final round of qualifying shall first be randomly drawn. Thereafter, the remaining players of the final round of qualifying will be randomly drawn.
- The established priority order will remain the same until the completion of all first round singles matches (as well as second round matches if players are allocated byes in the first round) in that event which may occur over several days.
- If additional lucky losers are needed, the losers of the previous round(s) of qualifying shall be prioritised in the same manner but will have a lower priority than the players who lose in the final round of qualifying.

**CASE:** When is the sign-in deadline for lucky losers if qualifying finishes on the same day as the start of main draw?

**DECISION:** If qualifying matches are still to be played on the same day as the start of the main draw, the lucky loser sign-in will close five (5) minutes following the completion of the last qualifying match.

**NOTE:** Where an athlete in a main draw match scheduled before the completion of qualifying withdraws before that match commences, this match should be postponed until a suitable Lucky Loser can be determined.

- Where Lucky Loser position(s) become available the day prior to the first round main draw matches, every effort should be made to confirm with the eligible player(s) as soon as possible after the places become available that they wish to be placed in the draw as a Lucky Loser. If the player does not wish to play, there will be no penalty imposed and the event should try to confirm the availability of the next player on the Lucky Loser priority list.
- If the player who is drawn with the highest Lucky Loser priority can be contacted on a day prior to the start of main draw once a Lucky Loser position becomes available and that player wishes to accept the vacant position, then they can be immediately placed into that vacant position in the draw and do not need to sign in on the day that Main Draw matches begin.
- If the first player eligible to accept a Lucky Loser position cannot be contacted on the day(s) before the main draw commences, then they retain their right to sign in as a Lucky Loser on the day(s) of first round matches. In this instance, the vacant position in the draw should be simply stated as "Lucky Loser" and shall be filled subject to the Lucky Loser procedures (3.13.2 f. Sign-In Requirements for Substitutions) which will also apply in all other circumstances.
- Where the Lucky Loser sign in process is conducted over more than one day, any player eligible to sign-in for a Lucky Loser may sign in for a possible position whether or not they signed in on any preceding day.

### 3.13.2. Singles Main Draw

#### a. Placing of Seeds

The procedures for placing seeds in the main draw where the single elimination, monrad or compass draw formats are being used are as follows:

- Place seed 1 on line 1 and seed 2 on line 16 (16 draw) or line 32 (32 draw). To determine the location (line of the draw) of the remaining seeds, draw in groups according to the following table:

Seeds		16 Draw 4 seeds	24 / 32 Draw 8 seeds
3 – 4	First Drawn	5	9
	Second Drawn	12	24
5 – 8	First Drawn		8
	Second Drawn		16
	Third Drawn		17
	Fourth Drawn		25

The number of seeds required for a draw is different if undertaking a Round Robin draw. Two seeds are required for each Round Robin group.

**b. Byes**

In the event that there are not enough players to fill the draw, then after the seeds are placed in the draw, the required number of byes shall be awarded to the highest seeds as a first priority and any remaining byes shall be drawn by a lot in a manner so as to distribute them as evenly as possible throughout the sections of the draw.

**c. Playoff**

- It is recommended in all Australian Competitive Play Junior Events that a playoff match be played between the losing singles semi-finalists for third place.
- It is mandatory in all Signature Series main draws (except for 18u age group) for playoff matches to be played between the losing quarter-finalists to determine places five (5) to eight (8).

**d. Match Play**

With the introduction of different draw formats for 2022, the event match play (formally known as consolation) will only be conducted for those events offering single elimination draws.

All events conducting round robin, monrad and compass draws – players will automatically feed into the next relevant round until the completion of the draw. In this instance, players are not required to sign in for match play.

For single elimination draws only, players will be required to sign in to be included in the match play draw. Sign in will close five (5) minutes after the conclusion of the last relevant round match.

- For a 16 player main draw, the first round losers only are eligible to compete in the match play event.
- For a 32 player main draw, the first and second round losers are eligible to compete in for the match play event.
- There will be no main draw match play when the Round Robin, Monrad or Compass main draw format is used.

**e. Vacancies and Substitutions**

Vacancies shall be filled with substitutes in accordance with the following:

**i. From the Entry Deadline to the Withdrawal Deadline:**

- Players will be able to withdraw online up until the withdrawal deadline and the online entry process will automatically make adjustments to the event Acceptance List subsequent to any withdrawals.

- Entered players will remain in the same relative order once the entry list is first released unless any administrative errors are determined to have occurred.
- Vacancies in the Main Draw or Qualifying Acceptance lists shall be filled by entered players in accordance with this relative position.

**ii. From the Withdrawal Deadline until the Commencement of Qualifying:**

- Vacancies in the Qualifying and Main Draw shall be filled by entered players selected in accordance with the applicable System of Merit as displayed on the Acceptance List.
- If player(s) need to be moved into the main draw from the qualifying list after the qualifying draw is made but before the qualifying competition has started, priority remains with those players higher on the original acceptance lists who have not already secured a place in main draw (e.g. have a bye in the final round of qualifying), as opposed to players who may be seeded highest in the qualifying draw (seedings are done on the most recently available singles UTR Rating).
- After the withdrawal deadline, players must withdraw by advising the event of their intention to do and if required provide the necessary supportive documentation.

**iii. After commencement of the Qualifying competition:**

- **Main Draw:** Vacancies in the Main Draw may only be filled by Lucky Losers.
- **Qualifying:** Vacancies in the qualifying draw will be filled by an eligible alternate in accordance with the original acceptance list who signed in at least 30mins prior to the commencement of the first qualifying match.

**iv. Events without qualifying (after Main Draw matches have commenced):**

Vacancies in the Main Draw shall be filled by entered players in accordance with the original acceptance list who have signed an alternates list. Principles for Alternates sign-in shall follow those of Lucky Loser sign in.

**f. Sign-In Requirements for Substitutions**

**i. Single Elimination, Monrad, Compass Draw Formats**

- The Lucky Loser sign-in process must still occur after the priority order has been determined. This must close thirty (30) minutes before the scheduled commencement of the relevant first round match which may occur over a number of days.
- There can be no phone sign-in for Lucky Loser. Sign-in must be in person.
- Only players who have played and lost in the qualifying competition can sign in for Lucky Loser.

- If a replacement player is required, they must be on court ready to play within five minutes of the default for punctuality being announced. If they are not available they lose their right to accept Lucky Loser status for the remainder of the event, and the next player who has signed in shall be called and the process continued until a Lucky Loser is found, or if no one is found, a walkover will be declared.
- A player who withdraws before or during a qualifying draw, or is a “no show” for a qualifying match may not be given Lucky Loser status in the main draw.
- A player who retires from a match in a qualifying draw due to sickness or injury may be selected as a Lucky Loser if they have sufficiently recovered.
- A player who fails to complete a match in the qualifying event cannot be allowed to accept the Lucky Loser status, unless the Referee/Venue Supervisor accepts that extenuating circumstances apply.

**ii. Round Robin Draw Formats**

- From qualifying to the round robin stage:  
The aforementioned principles apply.

**NOTE:** If two Lucky Loser positions occur at the same time in the round robin pools, the two eligible lucky losers will be placed into the positions by a random draw.

- From the Round Robin pool stage to the knockout phase:  
The players with a verified UTR Rating that finish in 2nd place in the round robin group stage shall first be randomly drawn, thereafter the remaining athletes that finished 2nd in the round robin group stage shall be drawn to determine the priority of Lucky Loser status amongst the players who failed to qualify from the round robin group stage. If additional lucky losers are needed, the same above procedure will be followed for players that finished 3rd in the round robin group stage and then for players that finished 4th in the round robin group stage.

All other principles inherent in the Lucky Loser processes should apply.

- From Round Robin Pool groups to the 3-4, or 5-8 playoffs there will be no Lucky Losers used to fill withdrawals in playoffs.

**3.13.3. Doubles Main Draw**

**a. Making the Draw**

The placing of seeds and byes and the drawing of the remaining teams shall be in accordance with the same principles used in the singles Main Draw.

**b. Vacancies**

**i. Doubles Team (regardless of an event taking online or onsite entries or a combination of both)**

The following guidelines apply when an entire doubles team withdraws after a draw is made.

- When an entire team withdraws, the team will be replaced by an Alternate team or a “Bye” if no Alternate team is available. Doubles Alternates sign in procedures follow those guidelines of Singles Lucky Loser / Alternate procedures.
- Further adjustments may be required to the draw based on the Seed Withdrawal rule.

**ii. Doubles Team-member (regardless of online or onsite entries or a combination of both)**

The following guidelines apply when one member of a team withdraws after a draw is made.

- When one member of a team withdraws and correctly-entered alternate teams are available, the alternate teams should have first priority for filling the vacancy in the draw. In this instance the Seed Withdrawal rule applies.
- At all levels of Australian Competitive Play Junior Events, and where no correctly entered alternate teams exist or none are available (pursuant to normal sign in processes), every effort should be made to find a replacement player when one member of a doubles team cannot compete.
- The withdrawing team member must provide to the Referee/Venue Supervisor bona fide notice of their withdrawal (email, telephone, in person) before the substitute player can play. The Referee/Venue Supervisor is the sole judge of whether the communication of the intent to withdraw is legitimate.
- The substitute player must be a Tennis Australia registered player but need not be entered in the event.
- The substitute must not be already accepted into the relevant doubles draw unless that player was originally combined with another player who also withdrew. In this case, the new team created by combining the remaining players will be placed randomly into one of the newly vacated places in the draw. In this case, a Bye will take the place of the other vacated position.
- If the team was originally not seeded, then any newly created team cannot be included in the draw if they have a combined UTR Rating that is higher than the last seeded team.
- If the team was originally seeded, then any newly created team should have a combined UTR Rating that is not higher than the next highest seeded team. The exception is when the original team was seeded #1 or #2 in which case the combined rating of the newly created team is of no consequence.
- The substitution can only be made before the start of that pair's first doubles match. A walkover in the pair's first match constitutes a match played whereas a 'bye' does not.

- Any such substitutions must be approved by the Referee/Venue Supervisor. Any substitution will then be altered on the draw following this approval and re-published as soon as possible.
- If a partner withdraws within 30mins of the first match of the team, or one partner is a “no show”, the remaining partner will have 30mins (either from the time the withdrawal is notified to the event, or from the time the “no show” is declared) to find a new partner, providing the aforementioned provisions are satisfied.  
If another suitable partner cannot be found, a walkover shall be awarded. In no circumstances should the non-offending partner be penalised under the Tennis Australia Code of Behaviour: Competitive Play.
- Players not nominating a partner as part of their original entry or requesting the assistance of the event staff to locate a substitute partner must compete in any arranged pairing otherwise, they risk disciplinary action via the Tennis Australia Code of Behaviour: Competitive Play for a late withdrawal with no refund being issued.

### **3.14. Withdrawals after the Draw and Replacement of Seeds**

#### **3.14.1. Qualifying Singles**

- An Australian Competitive Play Junior Event prior to 5pm on the day before the scheduled first day of the qualifying event, shall be filled as follows:

#### **4 Qualifiers draw**

- Where the seeded withdrawal is seeded 1-4 then the 5th seed (and 6, 7, etc. for additional withdrawals as they occur) shall be moved to the vacated position and then the next player to be seeded shall be moved to fill the place vacated by the 5th seed. The position vacated by the next highest ranked player shall then be filled by the eligible Alternate or a ‘bye’ if no eligible players are available.
- Where the seeded withdrawal is from seeds 5- 8, the next highest ranked player eligible to be seeded will be moved into the position vacated by the seed who withdraws. The position vacated by the next highest ranked player shall then be filled by the eligible Alternate or a ‘bye’ if no eligible players are available.

Any vacancy in the qualifying draws created by the withdrawal of a seed which occurs between 5pm the day before qualifying and the start of the qualifying event shall be filled by an eligible Alternate or a 'bye' if no eligible players are available.

### **3.14.2. Main Draw Singles**

#### **Single Elimination, Monrad, Compass Draw Formats**

The below seed replacement procedure should be followed for:

- Any vacancy in the main draw singles created by the withdrawal of a seed prior to 5pm on the day before the start of the main draw (in an event using qualifying, followed by main draw format); as well as
- Any vacancy in the main draw singles created by the withdrawal of a seed before the start of the first round match of the main draw (in an event using main draw only format);
  - If the withdrawal is among seeds 1 to 4, the 5th seed is moved into the open position and the 5th position shall be filled by the next highest UTR Rated player eligible to be seeded.
  - If the withdrawal is among seeds 5 to 8 (32 draw), the open position shall be filled by the next highest UTR Rated player eligible to be seeded.

The position vacated by that next highest UTR Rated player shall then be filled by:

#### **Round Robin Draw Format**

The below seed replacement procedure should be followed for:

- Any vacancy in the main draw singles created by the withdrawal of a seed prior to 5pm on the day before the start of the main draw (in an event using qualifying, followed by main draw format); as well as
- Any vacancy in the main draw singles created by the withdrawal of a seed before the start of the first round match of the main draw (in an event using main draw only format);
  - If the withdrawal is the highest seed of any particular pool, the 5th seed (in the case of 4 round robin pools being used), or the 9th seed (in the case of 8 round robin pools being used) is moved into the open position created by the seed withdrawal, and the vacated

seed position shall be filled by the next highest UTR Rated player eligible to be seeded.

- If the withdrawal is the second highest seed of any particular pool, the player who is next highest UTR Rated player eligible to be seeded shall move into the vacated seed position.
- In either of the above situations, the position vacated by the movement of the next highest UTR Rated player eligible to be seeded shall then be filled by:
  - The next player on the original acceptance list or a “Bye” if no eligible players are available when there is no qualifying competition held, or
  - Eligible Lucky Loser if qualifying competition has commenced.

Any vacancy created by the withdrawal of a Seed after the applicable deadline mentioned above, shall be filled by:

- An eligible Lucky Loser if qualifying competition has commenced; or
- A “bye” where a qualifying event was not required, or not played

### **3.14.3. Main Draw Doubles**

#### **a. Events with an online entry for doubles**

Any vacancy in the main draw doubles created by the withdrawal of a seed by 5pm one day before the scheduled first day of doubles shall be filled as follows:

- If the withdrawal is among seeds 1 to 4, the 5th seed is moved into the open position and the 5th seed position shall be filled by the next highest UTR Rated team eligible to be seeded.
- If the withdrawal is among seeds 5 to 8, next highest UTR Rated team eligible to be seeded moves into the open position.
- The position vacated by the movement of the next highest UTR Rated team shall then be filled by the next team on the acceptance list (first alternate) or a ‘bye’ if no alternates are available.

If a seed withdraws after the deadline mentioned above, the open vacant position shall be filled by the next team on the acceptance list (first alternate) or a ‘bye’ if no alternates are available.

#### **b. Events with an onsite sign in procedure (this includes events that advertise an online doubles entry and continue to accept onsite sign in entries)**

Any vacancy in the main draw doubles created by the withdrawal of a seed between the time of the release of the doubles Main Draw and the release of the Order of Play that first includes doubles matches, shall be filled as follows (that there is only a seeded vacancy in doubles for “online entry” where both players in a team withdraw):

- If the withdrawal is among seeds 1 to 4, the 5th seed is moved into the open position and the 5th seed position shall be filled by the next highest UTR Rated team eligible to be seeded.

- If the withdrawal is among seeds 5 to 8, next highest UTR Rated team eligible to be seeded move into the open position.
- The position vacated by the movement of the next highest UTR Rated team shall then be filled by the next team on the acceptance list (first alternate) or a 'bye' if no alternates are available.

If a seed withdraws after the deadline mentioned above, the open vacant position shall be filled by the next team on the acceptance list (first alternate) or a 'bye' if no alternates are available.

#### **3.14.4. Match Play Singles (Qualifying and Main Draw)**

Any vacancy in either the Main Draw or Qualifying match play event created by the withdrawal of a seed shall in all instances be replaced by a "bye" once the draw has been made. There shall be no movements of seeds due to seed withdrawals after the draw has been made.

#### **3.14.5. Match Play Doubles**

If a seeded team withdraws from a doubles match play draw, the place in the draw will be replaced with a "bye". There shall be no movements of seeds due to withdrawals in a doubles match play draw.

### **3.15. Remake of Draws**

A complete redraw will only take place in the event of an administration error or in the best interest of the event with the approval of Tennis Australian or the relevant Member Association.

The only exception to this is when a player who should have been seeded is for whatever reason placed in a position of an un-seeded player in the draw. In this instance, procedures to rectify the problem will by and large follow the principles of the seed withdrawal rule, both in relation to the seeding position that the 'missed' player should rightfully have held and also the timing of the discovery of the error.

### **3.16. Suspension of Play**

The Event Director or Referee/Venue Supervisor may suspend a match temporarily due to failing light or conditions of the court, weather or other safety issues. The Referee/Venue Supervisor shall be the sole authority as to when play shall be resumed, which may be the next day. Until a match is postponed, the players must remain ready to resume the match.

Upon suspension of a match, the event desk shall record the time, point, game and set score, and the name of the server, the sides on which each player was situated and shall collect the balls in use for the match.

If suspension is due to darkness it should occur after an even number of games have been played in the set in progress or at the end of a set.

In the case of a suspended or postponed match, the period of warm-up shall be as follows:

- 0-15 minutes delay = no warm-up
- More than 15 minutes, but less than 30 minutes = 3 minutes of warm-up
- 30 or more minutes of delay = 5 minutes of warm-up

### **3.17. Draw Cancellation**

If exceptional circumstances persist (such as inclement weather, including where the extreme heat policy is activated) that require the cancellation of draws, the draws should be cancelled in the following order, aiming to maximising each participants playing opportunity:

1. Qualifying Match Play Singles (i.e. first draw to be cancelled);
2. Main Draw Doubles, Main Draw Singles Playoff (3-8) and Match Play Singles to be prioritised based on Referee/Venue Supervisors judgement of all circumstances;

In order to cancel or abandon the following events, the Referee/Venue Supervisor must receive approval from Tennis Australia or the relevant Member Association. All other draws listed above must be cancelled, BEFORE considering the options below:

3. Cancel Main Draw Qualifying draws;
4. Cancel Main Draw Singles (i.e. last draw to be cancelled);

### **Procedure for filling vacancies in the main draw when cancelling the qualifying:**

- If it is impossible to start the qualifying competition due to inclement weather, the players with the highest UTR Rating (applicable to that event type) according to the original acceptance list will be moved in to the main draw;
- If a qualifying event is cancelled after having commenced, the players with the highest UTR Rating (applicable to that event type) remaining in the event (i.e. based on the original acceptance list) taking into account the results of all completed matches before the cancellation, will be moved into the main draw.
- If any players have actually qualified before the cancellation of the qualifying event, they must be included in the players who are moved into the main draw.

### **3.18. Event Extension**

There is no provision in the regulations for the extension of event dates beyond those published on the entry form and fact sheet, with the exception of Australian Competitive Play Junior National Series Events.

## **4. Onsite Requirements**

### **4.1. Schedule**

Events must make every effort to be time efficient with regards to scheduling, thereby limiting the amount of waiting time that players/families incur at each event. This includes:

- Accurate scheduling;
- Appropriate match formats for the number of entries received;
- Communication of scheduling and of any scheduling changes;
- Sensible and timely announcements in the event of rain or heat delays;

- Updating of match schedules and draws as frequently as possible and if applicable a text messaging service;
  - Timely advice to players with regard to withdrawals, no shows etc.
- **Maximum number of matches scheduled in a day**  
Players can be scheduled for a maximum of 6 tie-breaks sets of singles and 4 sets of doubles in one day. However, players can be scheduled for a maximum of 9 tie-break sets of singles, if not competing in doubles on that day.

Events however should make every effort to limit the number of singles sets to 6 tie-break sets in a day where still possible to get the event complete.

- Match tie-breaks are not included in the sets tally
  - This playing condition is predicated on players being entered into only one singles and one doubles event, but includes Main Draw and Match Play singles.
  - This is not applicable when the Extreme Heat Policy is in force in which case players should be scheduled for fewer matches (which may include matches being removed from a previously advertised daily schedule) or for matches with shortened formats. Refer to Appendix E, Tennis Australia Extreme Weather Policy.
  - Referee/Venue Supervisors should ensure players are receiving adequate rest between matches particularly when more extreme weather conditions prevail and where 9 possible sets are being required to be played.
  - Players who enter in more than three events may be required to play more sets in a day.
  - In all instances players may elect (in consultation with the Referee/Venue Supervisor) to play more than the maximum number of sets aforementioned on any particular day but should never be forced to do so by the Event Director or Referee/Venue Supervisor
  - Events should make every effort to evenly spread a player's match load over the entire duration of an event.
- **Singles and Doubles scheduled on the same day**  
If playing singles and doubles on the same day, it is preferred that singles matches be played prior to doubles matches. Doubles matches can be scheduled prior to singles matches if it is in the best interests of effective scheduling, in particular where it is more appropriate to play main draw doubles prior to match play singles. It may also be more appropriate where events are trying to encourage more players to compete in doubles events.

#### 4.2. Daily Release of the Schedule

Every evening, the schedule for the following day's play must be published on the Internet via <http://tournaments.tennis.com.au>. Event Directors must ensure that the updated draws and times are published on the Internet before leaving the venue.

#### 4.3. Time Restrictions

For all levels of the Australian Competitive Play Junior Events, no matches may be scheduled before 7:30am and no match must commence after 7:30pm, unless exceptional circumstances including weather (extreme or otherwise) exist in the opinion of the Referee/Venue Supervisor.

Australian Competitive Play Junior Events that start on a school day will be permitted to start from 4pm, unless approved by Tennis Australia or the relevant Member Association in exceptional circumstances. They must still abide by the above 7:30pm last match starting time regulation.

The Referee/Venue Supervisor must provide a minimum of 12 hours rest between matches played on consecutive days except in exceptional circumstances where a minimum of 10 hours can be applicable.

#### **4.4. Conditions of Play**

##### **4.4.1. Warm-ups**

Immediately prior to a match, the players are entitled to a warm-up period not exceeding five (5) minutes.

##### **4.4.2. Rest Breaks**

The following are the suggested minimum rest periods between matches:

- Matches lasting less than 2 hours = 30 minutes rest
- Matches lasting between 2 to 3 hours = 1 hour rest
- Matches lasting more than 3 hours = 1½ hour rest

Where the Extreme Heat Policy has been invoked, the suggested minimum rest periods should be extended within reason in conjunction with using shortened match formats.

Under no circumstances are players to be forced to play inside their allocated rest period, unless they voluntarily choose to do so. The Referee/Venue Supervisor must provide a minimum of 12 hours rest between matches played on consecutive days except in exceptional circumstances where a minimum of 10 hours can be applicable.

#### **4.5. Prizemoney**

No prizemoney in any form shall be paid at any Australian Competitive Play Junior Event, either to the players or their entourage.

## 5. Appendix A – Important Deadlines

The following timeline should be followed when conducting an Australian Competitive Play Juniors Event.

	National Series	Signature, Premier & Junior Series	Junior Development & Community Series
Entries Open	6 weeks prior to scheduled event start		
Close of entries	28 days prior to scheduled event start	10 or 14 days prior to scheduled event start	7 or 10 days prior to scheduled event start
Acceptance list released	27 days prior to scheduled event start	9 or 13 days prior to scheduled event start	6 or 9 days prior to scheduled event start
Withdrawal deadline	7 days prior to scheduled event start		
Updated acceptance list	6 days prior to scheduled event start		
Seedings and draw list released from the MA	5 days prior to scheduled event start		
Finalise doubles pairings	On-site during the event	5 days before start of main draw	
Qualifying draw released (if required)	Not Applicable	3 days before start of main draw	Not Applicable
Main Draw released (if there is no qualifying)	1 day before start of main draw	3 days before start of main draw	
Main Draw released (if there is qualifying)	Not Applicable	1 to 3 days before the start of main draw	Not Applicable

- Where a Signature or Premier Series Event is held the same week as an ITF World Tennis Tour Juniors event, the qualifying and main draw will not be released until the day before the relevant Signature or Premier Series is scheduled to begin.
- Every effort should be made to schedule Signature or Premier Series Events so that they do not begin until qualifying of the overlapping ITF World Tennis Tour Juniors Qualifying event is complete.

In this instance, any player who remains committed to the preceding ITF World Tennis Tour Juniors event at the time that the Signature or Premier Series draw is due to be released, must NOT be included in the Signature or Premier Series draw.

Where a Signature or Premier Series overlaps with the Main Draw of an ITF World Tennis Tour Juniors event, the “Entering two events at the same time” rule applies. No player shall be able to play and lose an ITF World Tennis Tour Juniors match and in so doing end their commitment to that ITF World Tennis Tour Juniors event and then compete in an overlapping Signature or Premier Series event on the same day.

- Special regulations may apply to National Series events, in which case these regulations will be advertised prior to the event via the event fact sheet.

## **6. Appendix B – Draw Formats**

### **6.1. Monrad**

A monrad draw is a multi-match draw format whereby all players continue to play, win or lose through to a final finishing position.

### **6.2. Compass**

A compass draw is divided into eight brackets, each bracket representing a point on a compass (i.e., North, South, North-East, etc.).

All players start in a main draw which is the East draw. A player simply moves into a new bracket when they lose a match.

- In Round 1, winning players stay in the East bracket and losing players move into the West.
- In Round 2, winning players in the East bracket stay in the East bracket, while losing players in the East bracket move into the North bracket. Similarly, winning players in the West bracket stay in the West bracket, while losing players in the West bracket move into the South bracket.
- This process continues in rounds 3 and 4 where losing players can be moved into the Northeast, Northwest, Southeast, or Southwest brackets.
- The champion of the East draw is the overall winner of the tournament, having remained undefeated throughout the tournament.

### **6.3. Round Robin**

A round robin draw is a format where each player competes against every other player within their group.

Multiple round robin draws can be used in a group stage with winners of each group advancing to a single elimination draw.

### **6.4. Single Elimination**

A single elimination or knockout draw is a type of elimination format where the loser of each match is immediately eliminated from the draw.

Players have the option to sign in for the additional Match Play draw. Match Play can consist of either single elimination, feed-in or round robin draws.

## 7. Appendix C – Round Robin Draw Structure

If an Australian Competitive Play Junior Event chooses to operate a round robin draw format for their main draw, they must do so following the below guidelines.

### 7.1. Guiding principles relating to round robin pool sizes and number of pools

- There should be no pools with less than three (3) players, and no more than six (6) players
- There must be an even number of pools
- Only winners of pool groups should move to any single elimination rounds
- It is recommended to have playoff matches to determine 3rd / 4th places
- For six (6) or less players, a one (1) pool format should be used. If one pool is used, there should be no additional single elimination draw. I.e. the winner of the pool is to be declared the winner of the event, without a final being played.

Recommended pool formats based on entry numbers:

Number of Players	Number of Pools	Players per Pool
7	2	3 & 4
8	2	4 & 4
9	2	4 & 5*
10	2	5 & 5*
11	2	5 & 6*
12	4	3, 3, 3 & 3
13	4	3, 3, 3 & 4
14	4	3, 3, 4 & 4
15	4	3, 4, 4 & 4
16	4	4, 4, 4 & 4

*\*Where there are more than 5 players in a pool, the event reserves the right to reduce the match scoring format.*

- For draws with 17 or more players, the above general principles and recommendations should be applied, with the exception that the maximum number of players in each pool is reduced to five (5).

### 7.2. 16 player round robin

#### 7.2.1. Determining the composition of each pool

- Each player to play the three players within their pool.
- Each pool is to have two seeded players (provided there are enough players with a current UTR Rating).
- The top player from each pool (4 total) to move into cross over semifinals.

**NOTE:** All players are guaranteed three singles matches.

The following procedure will be followed to place the sixteen (16) players into the four round-robin groups.

- The field shall be divided into four (4) groups of four (4) players each. The top-seeded player shall be placed in Group "A", the second-seeded player shall be

placed in Group "B". The third and fourth seeded players shall be drawn randomly into Group "C" or "D".

- Players seeded 5 & 6 shall be drawn into either Group "C" or "D". Players seeded 7 & 8 shall be drawn into either Group "A" or "B".
- The remaining eight (8) players shall be drawn by lot – the first and second players drawn to go to Group "A", the third and fourth players drawn to go to Group "B" and so on.

#### **7.2.2. Determining the pool winner**

The final standings of each group shall be determined by the first of the following methods that apply:

- Greatest number of wins;
- Greatest number of matches played;
- Head-to-head results if only two (2) players are tied, or if three (3) players are tied, then:
  1. If three (3) players each have one win, a player that has played less than all three (3) matches is automatically eliminated and the player advancing to the Single Elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; then
  2. Highest percentage of sets won (sets won against sets played); then
  3. Highest percentage of games won (games won against games played).

If 1, 2, or 3 (above) produce one superior player (first place), or one inferior player (third place), and the two remaining players are tied, the tie between those two players shall be broken by head-to-head record.

If ties still exist after the above procedures, the Event Director shall make the final determination.

In applying the tie-breaking procedures, a conduct default or retirement shall count as a win or loss. However, games won or lost in matches with the defaulting or retiring player shall not be counted in the application of point 3 (percentage of games won) above.

#### **7.2.3. Creating the single elimination draw after the determination of the pool winner**

After the round robin group phase has been completed, the following procedure will be followed to place the four (4) eligible players into the single elimination draw.

- The winner of Group "A" will be placed on Line 1.
- The winner of Group "B" will be placed on Line 4.
- The winners of Group "C" and "Group "D" will be randomly placed on either Line 2 or Line 3.

**NOTE:** There shall be no playoff for the 9th – 16th place positions.

### **7.3. 32 player round robin**

#### **7.3.1. Determining the composition of each pool**

- Each player to play the three players within their pool
- Each pool shall have two seeded players (provided there are enough players with a current UTR Rating)
- The winners of each pool (8 total) to move into cross over quarter finals.

**NOTE:** All players are guaranteed three singles matches.

The following procedure will be followed to place the thirty-two (32) players into the eight (8) round-robin groups.

- The field shall be divided into eight (8) groups of four (4) players each. The top-seeded player shall be placed in Group "A" and the second-seeded player shall be placed in Group "B". The third and fourth seeded players shall be drawn randomly into Group "C" or "D". The 5th to 8th seeds shall be randomly drawn into Groups "E", "F", "G" or "H".
- Players seeded 9 to 12 shall be drawn into either Group "E", "F", "G" or "H". Players seeded 13 to 16 shall be drawn into either Group "A", "B", "C" or "D".
- The remaining sixteen (16) players shall be drawn by lot – the first and second players drawn to go to Group "A", the third and fourth players drawn to go to Group "B" and so on.

#### **7.3.2. Determining the pool winner**

The final standings of each group shall be determined by the first of the following methods that apply:

- Greatest number of wins;
- Greatest number of matches played;
- Head-to-head results if only two (2) players are tied, or if three (3) players are tied; then:
  1. If three (3) players each have one win, a player that has played less than all three (3) matches is automatically eliminated and the player advancing to the Single Elimination competition is the winner of the match-up of the two (2) players tied with 1-2 records; then
  2. Highest percentage of sets won (sets won against sets played); then
  3. Highest percentage of games won (games won against games played).

If 1, 2, or 3 (above) produce one superior player (first place), or one inferior player (third place), and the two remaining players are tied, the tie between those two players shall be broken by head-to-head record.

If ties still exist after the above procedures, the Event Director shall make the final determination.

In applying the tie-breaking procedures, a conduct default or retirement shall count as a win or loss. However, games won or lost in matches with the defaulting or retiring athlete shall not be counted in the application of point 3 (percentage of games won) above.

### **7.3.3. Creating the single elimination draw after the determination of the pool winner**

After the round-robin group phase has been completed, the following procedure will be followed to place the eight (8) eligible players into the single elimination draw:

- The winner of Group “A” will be placed on Line 1 and the winner of Group “B” will be placed on Line 8.
- The winners of Group “C” and “Group “D” will be randomly placed on either Line 4 or Line 5.
- The winners of Group “E”, “F”, “G” and “H” will be randomly placed on the remaining lines, with the first drawn placed on Line 2, the second draw on Line 3, the third drawn on Line 6 and the fourth drawn on Line 7.

**NOTE:** There shall be no playoff for the 5th – 32nd place positions. However National and Signature Series events must conduct playoff matches for 5th to 8th positions.

- Each match is 1 set - the player/team that win the set win the match.
- The set is the first to 6 games. The first player/team who wins 6 games wins that set, provided there is a margin of 2 games over the opponent(s).
- If the score reaches 6 games all, a tie-break game to 7 points leading with a margin of 2 shall be played.

### **Timed Matches**

- Matches will continue for nominated length of time as set by the event.

### **Scoring Formats Explained**

#### **FAST4**

- A set is complete once a player/team reaches four (4) games.
- A FAST4 tie-break is played when the score reaches three (3) games all.
- In a FAST4 tie-break, the player/team who first wins five (5) points shall win the set, with a deciding point played at 4-4. The player whose turn it is to serve at the commencement of the tie-break (Player A) will serve two (2) points starting on the right half of the court. The opposing player (Player B) will then serve two (2) points starting on the right half of the court. Player A (or the partner, Player C, in doubles) will then

serve two (2) points. Player B (or the partner, Player D, in doubles) will then serve the following two (2) points.

- If the score reaches 4-4, Player B (or Player D in doubles) will serve the final point of the tie-break with the receiver(s) choosing whether to receive the serve from the right half or the left half of the court.
- Players/Teams will only change ends after the first four (4) points.
- All singles and doubles matches adopt “no-advantage scoring”, with the receiver(s) choosing the service side when the game score reaches deuce.
- FAST4 is played with the “no let rule”, for the entire match (including the match tie-break if this is used to decide the match). In doubles, if a serve touches the net, strap or band and lands (bounces) within the correct service box, either player on the receiving team can return the ball. If either players or teams make an incorrect “let” call, this is an “Accidental Hindrance” under rule 26 of the Rules of Tennis.
- When the athletes change ends at the end of a game and during a tiebreak game, play shall be continuous and the athletes shall change ends with athletes having to be ready to play within 60 seconds of the previous games completion.
- At the end of each set, there shall be a set break of a maximum of 90 seconds (“Set Break”), from the end of the last point of the previous set until the first serve is struck to start the next set.

### **Short Sets**

The first player / team who wins four games wins that set, provided there is a margin of two games over the opponent(s). If the score reaches four games all, a tie-break game to 7 points leading with a margin of 2 shall be played.

### **Match Tie-Break (10 POINTS)**

- When the score in a match is one set all, one tiebreak game is played to decide the match. This tiebreak game replaces the deciding final set. The player/team who first wins ten points shall win the Match Tiebreak and the match, provided there is a margin of two points over the opponent(s).
- Note: When using the Match Tiebreak to replace the final set:
  - The original order of service continues.
  - In doubles, the order of serving and receiving within the team may be altered, as in the beginning of each set.
  - Before the start of the match tie-break there shall be a 120 seconds set break.
  - Balls should not be changed before the start of the match tie-break even if a ball change is due.

### **Scoring Format Reductions**

In exceptional circumstances (such as inclement weather, including where the extreme heat policy is activated), the Referee/Venue Supervisor, who will be the final authority in this matter, can change the scoring formats, when it becomes clear that such circumstances will prevent an event from being completed within the publicised dates.

Changes to scoring formats must be made giving regard to the following priority, noting that not all options need to be used:

1. Introduce “No-Ad” scoring to match play matches;
2. Reduce match format for match play matches;
3. Reduce match format for doubles matches;
4. Reduce match format for any play-off matches;
5. Reduce match format for main draw singles matches.

The following reduced scoring formats are available, and listed in recommended order:

1. “2 tie break sets + 10 Point match tie-break”
2. Either “Best of 3 short sets” or “Best of 3 FAST4 sets”
3. Either “2 short sets+10 Point Match Tie-Break” or “2 FAST4 Sets+10 Point Match Tie-Break”

The Referee/Venue Supervisor must determine the appropriate scoring formats to use, based on the remaining time available to complete the event.

#### **9. Appendix E – Tennis Australia Extreme Weather Policy**

Tennis Australia recognises the dangers of extreme weather and the need to ensure that there are appropriate policies and procedures in place to mitigate risks to players, officials, coaching staff and spectators at all of our events and competitions should an extreme weather event occur.

You can view the document via <https://www.tennis.com.au/doc/extreme-weather-policy>

#### **10. Appendix F – Tennis Australia Code of Behaviour: Competitive Play**

The Tennis Australia Code of Behaviour: Competitive Play regulates behaviour breaches related to and during events and competitions in Australia.

You can view the document via <http://www.tennis.com.au/doc/code-of-behaviour>

## **11. Appendix G – Medical and Toilet / Change of Attire Breaks**

### **11.1. Toilet Breaks / Change of Attire**

A player is allowed to request permission to leave the court for a reasonable time for a toilet break or change of attire break (in female player matches). A player may change her attire during a toilet break.

Toilet breaks / change of attire breaks must be taken on a set break.

A player (male or female) is entitled to one (1) break during a match.

In any match (singles or doubles) played with a reduced match format of two tiebreak sets and a match tiebreak, a toilet break/change of attire break is not permitted before the match tiebreak.

In a doubles match, each team is entitled to two (2) breaks. If partners leave the court together, it counts as one (1) break. If only one player leaves the court, it also counts as one (1) break. These breaks may be taken for toilet visits, change of attire (female matches), or both, but for no other reason whatsoever.

Any time a player leaves the court for a toilet/change of attire break, it is considered one of the authorised breaks regardless of whether or not the opponent has left the court. Any toilet/change of attire break taken after a warm-up has started is considered one of the authorised breaks.

Toilet breaks not taken on a set break may be authorised, but will be penalised in accordance with the point penalty schedule (Code Violation Delay of Game) if the player is not ready to play within the allowed time.

The Referee/Venue Supervisor has the authority to deny a player permission to leave the court during a match for a toilet and/or change of attire break if it is interpreted by the Referee/Venue Supervisor as gamesmanship and/or flagrant abuse of the Rule.

A player should not take a toilet/change of attire break and a medical time out consecutively unless approved by the Referee/Venue Supervisor.

Any player abuse of this rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Tennis Australia Code of Behaviour: Competitive Play.

### **11.2. Medical Conditions / Treatment**

The below procedures are only relevant to Australian Competitive Play Junior Events that have appointed an onsite Doctor / PHCP.

#### **11.2.1. Priority of Care / Availability of Sports Physiotherapist or Doctor**

The priority of care for a Sports Physiotherapist at an event is as follows:

- Court Calls;
- Players preparing for main draw matches then match play matches (singles players have priority over doubles players);
- Players still in the event and preparing for practice;

- Players still in the event, but who are not playing or practicing that day;
- Players eliminated from the event.

If a Sports Physiotherapist is onsite during an event, they will only be present one (1) hour before matches begin and until a maximum of one (1) hour after the completion of matches.

#### 11.2.2. Medical Condition

A medical condition is a medical illness or a musculoskeletal injury that warrants medical evaluation and/or medical treatment by the Sports Physiotherapist during the warm-up or the match.

#### 11.2.3. Treatable Medical Conditions

- **Acute medical condition:** the sudden development of a medical illness or musculoskeletal injury during the warm-up or the match that requires immediate medical attention.
- **Non-acute medical condition:** a medical illness or musculoskeletal injury that develops or is aggravated during the warm-up or the match and requires medical attention at the changeover or set break.

#### 11.2.4. Non-Treatable Medical Conditions

- Any medical condition that cannot be treated appropriately, or that will not be improved by available medical treatment within the time allowed.
- Any medical condition (inclusive of symptoms) that has not developed or has not been aggravated during the warm-up or the match.
- General Player fatigue.
- Any medical condition requiring injections, intravenous infusions or oxygen, except for diabetes, for which prior medical certification has been obtained, and for which subcutaneous injections of insulin may be administered.

#### 11.2.5. Medical Evaluation

During the warm-up or the match, a player may request through the Referee/Venue Supervisor for the Doctor / Sports physiotherapist to evaluate him/her during the next change over or set break. Only in the case that a player develops an acute medical condition that necessitates an immediate stop in play may the player request through the Referee/Venue Supervisor for the Doctor / Sports Physiotherapist to evaluate him/her immediately.

The purpose of the medical evaluation is to determine if the player has developed a treatable medical condition and, if so, to determine when medical treatment is warranted. Such evaluation should be performed within a reasonable length of time, balancing player safety on the one hand, and continuous play on the other hand.

At the discretion of the Doctor / Sports Physiotherapist, such evaluation may be performed in conjunction with the Event Doctor, and may be performed off-court.

If the Doctor / Sports Physiotherapist determine that the player has a non-treatable medical condition, then the player will be advised that no medical treatment will be allowed.

#### 11.2.6. Medical Time Out

- A Medical Time Out is allowed by the Referee/Venue Supervisor when the Doctor / Sports Physiotherapist has evaluated the player and has determined that additional time for medical treatment is required. The Medical Time Out takes place during a changeover or set break, unless the Doctor / Sports Physiotherapist determines that the player has developed an acute medical condition that requires immediate medical treatment.
- The Medical Time Out begins when the Doctor / Sports Physiotherapist is ready to start treatment. At the discretion of the Doctor / Sports Physiotherapist, treatment during a Medical Time Out may take place off-court.
- The Medical Time Out is limited to three (3) minutes of treatment. However, this can be extended at the Referee/Venue Supervisor discretion.
- A player is allowed one (1) Medical Time Out for each distinct treatable medical condition. All clinical manifestations of heat illness shall be considered as one (1) treatable medical condition. All treatable musculoskeletal injuries that manifest as part of a kinetic chain continuum shall be considered as one (1) treatable medical condition.

**NOTE:** Muscle Cramping: A player may receive treatment for muscle cramping only during the time allotted for change of ends and/or set breaks. Players may not receive a Medical Time Out for muscle cramping.

In cases where there is doubt about whether the player suffers from an acute medical condition, non-acute medical condition inclusive of muscle cramping, or non-treatable medical condition, the decision of the Doctor / Sports Physiotherapist, if appropriate, is final. If the Doctor / Sports Physiotherapist trainer believes that the player has heat illness, and if muscle cramping is one of the manifestation of heat illness, then the muscle cramping may be treated as part of the recommended treatment by the Doctor / Sports Physiotherapist for the heat illness condition.

**NOTE:**

- A player who has stopped play by claiming an acute medical condition, but is determined by the Doctor / Sports Physiotherapist to have muscle cramping, shall be ordered by the Referee/Venue Supervisor to resume play immediately.
- If the player cannot continue playing due to severe muscle cramping, as determined by the Doctor / Sports Physiotherapist he/she may forfeit the points(s)/game(s) needed to get to a change of end or set break in order to receive immediate evaluation, and treatment if time allows. There may be a total of two (2) additional changes of ends treatments for muscle cramping in a match, not necessarily consecutive.

- If it is determined by the Referee/Venue Supervisor that gamesmanship was involved, then Code Violation for Unsportsmanlike Conduct could be issued.

A total of two (2) consecutive Medical Time Outs may be allowed by the Referee/Venue Supervisor for the special circumstance in which the Doctor / Sports Physiotherapist determine that the player has developed at least two (2) distinct acute and treatable medical conditions. This may include:

- A medical illness in conjunction with a musculoskeletal injury;
- Two or more acute and distinct musculoskeletal injuries.

In such cases, the Doctor / Sports Physiotherapist will perform a medical evaluation for the two or more treatable medical conditions during a single evaluation, and may then determine that two consecutive Medical Time Outs are required.

#### **11.2.7. Medical Treatment**

A player may receive on-court medical treatment and/or supplies from the Doctor / Sports Physiotherapist during any changeover or set break. As a guideline, such medical treatment should be limited to two (2) changeovers / set breaks for each treatable medical condition, before or after a Medical Time Out, and need not be consecutive. Players may not receive medical treatment for non-treatable medical conditions.

#### **11.2.8. Penalty**

After completion of a Medical Time Out or medical treatment, any delay in resumption of play shall be penalised by Code Violations for Delay of Game. Any player's abuse of this Medical Rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Tennis Australia Code of Behaviour: Competitive Play.

#### **11.2.9. Bleeding**

If a player is bleeding, the Referee/Venue Supervisor must stop play as soon as possible, and the Doctor / Sports Physiotherapist should be called to the court for evaluation and treatment. The Doctor / Sports Physiotherapist, will evaluate the source of the bleeding, and will request a Medical Time Out for treatment if necessary.

If requested by the Doctor / Sports Physiotherapist, the Referee/Venue Supervisor may allow up to a total of five (5) minutes to ensure control of the bleeding. If blood has spilled onto the court or its immediate vicinity, play should not resume until the blood spill has been cleaned appropriately.

#### **11.2.10. Vomiting**

If a player is vomiting, the Referee/Venue Supervisor must stop play if vomit has spilled onto the court, or if the player requests medical evaluation. If the player requests medical evaluation, then the Doctor / Sports Physiotherapist should determine if the player has a treatable medical condition, and if so, whether the

medical condition is acute or non-acute. If vomit has spilled onto the court, play must not resume until the vomit spill has been cleaned appropriately.

#### **11.2.11. Physical Incapacity**

During a match, if there is an emergency medical condition and the player involved is unable to make a request for a Doctor / Sports Physiotherapist, the Referee/Venue Supervisor shall immediately call for the Doctor / Sports Physiotherapist to assist the player. Either before or during a match, if a player is considered unable physically to compete, the Doctor / Sports Physiotherapist should inform the Referee/Venue Supervisor and recommend that the player is ruled unable to compete in the match to be played, or retired from the match in progress. The Referee/Venue Supervisor shall use great discretion before taking this action and should base the decision on the best interests of the event, as well as taking all medical advice and any other information into consideration. The player may subsequently compete in another draw at the same event on subsequent days if the Doctor / Sports Physiotherapist determines that the player's condition has improved to the extent that the player may safely physically perform at an appropriate level of play.

#### **11.2.12. Medical Treatment procedure for events without appointed Doctor / PHCP**

In a situation where there is no event appointed Doctor / Sports Physiotherapist, players are permitted one medical time out (3 minutes) for each new injury/illness, including cramping conditions at the discretion of the Referee/Venue Supervisor. However, one medical time out permitted per match for any and all cramping conditions.

Medical time out can be extended at the discretion of the Referee/Venue Supervisor up to a maximum of ten (10) minutes. At these events, players may receive assistance from coaches/parents under the supervision of a relevant Referee/Venue Supervisor.

### **Risk warning**

26. You acknowledge that by playing tennis you will be exposed to certain risks, including the risk of physical injury. You may also be exposed to the possibility of contracting an illness, including without limitation the COVID-19 virus. The COVID-19 virus can

Such sanction may include but is not limited to, financial penalty, official warnings or full expulsion from the event. Sanctioned players may appeal such decisions in accordance with the TA Disciplinary Policy.

#### **Amendments**

30. TA may review and amend these standard event entry conditions where TA reasonably believes the amendments to be in the best interests of the athletes and the event. These amendments will be published on the Tennis Australia website at [www.tennis.com.au](http://www.tennis.com.au).
31. If you have a query regarding these Conditions, contact TA by using the Contact Us details on the TA website: [www.tennis.com.au](http://www.tennis.com.au).
