NEWS FROM THE DARWIN TENNIS ASSOCIATION (DTA) COMMITTEE

INFRASTRUCTURE UPGRADES

The committee has commissioned KK Electrical to replace lights that are not working on courts 1 and 2 with new LED fittings and to replace the lighting control panel boards to ensure they meet OH&S requirements. This will be conducted as soon as possible depending on the schedule of KK Electrical.

In addition to renovation of the female changing rooms, supported by a Northern Territory Government (NTG) Sport and Active Recreation Grant for Women and Girls of \$10,000, the committee has approved expenditure to refurbish the male and disability changing rooms. The work is scheduled to commence in mid-October and will be staged to avoid interruption as much as possible.

GRANT APPLICATIONS

A number of grant applications have been prepared:

Holden Home Ground Advantage (HHGA) Grant Program for funding to install a solar hot water system at Gardens Tennis, Community Benefit Fund (CBF) Major Project Grant for funding to upgrade the lighting system at Gardens to install new LED light fittings for all courts,

NTG Department of Sport and Recreation Facilities and Capital Equipment (FACE) Grant Program for funding to make changes to the clubhouse to improve security, functionality and access for people with a disability.

Notification of the outcome of applications is expected in November of this year for the FACE and CBF applications and in April 2017 for the HHGA application.
