### **RELAY FOR LIFE:**

We had a wonderful response for relay members, with a total of 23.

We set up on the day with a gazebo and 3 tents for people staying overnight.

Our team theme was Christmas, so we decorated the gazebo with solar lights, lots of decorations and a star on the top of the gazebo. To have the manger feel we had a cradle with a doll in it and lots of hay bales which added to the atmosphere.

It was a very hot day to start our walk. The candle-light ceremony was very touching and a great display of lit candles in paper bags around the oval, added to the meaning of cause.

We had lots of enthusiastic walkers, finishing up very tired the next morning. It was a lot of fun and every one enjoyed themselves.

The final figure raised was \$2,538.37, well done.

Thank you to all who participated from Jan Brown.

This picture represents only half the team - our total 23 team members were never altogether at one time. Total Team Consisted of: Teresa Blackmar, Jan & Peter Brown, Kathy, Ruth & Robert Cameron, Cathryn Cosson, Evelyn Dennis, Simon Fabrikant, Janet Flamstead, Vince Gillett, Alan Honeycombe, Anne & John Knibbs, Dot & Adella McMaster, Jake Rogers, Glenda Stoppa, Kris Wenhuda, Jason & Chris Wittkopp, Michael & Alisse Young.
