9) Clubs with 2 or more teams in the same division

If 3 matches are played by one player for one team, that player is not allowed to play for another team within the same division.

10) Clearances

A player seeking a clearance must complete a Clearance Form and lodge it with the Registration and Clearance Secretary.

- a)
 - i) A financial player seeking a clearance must complete a junior clearance form and lodged it with Clearance Secretary; however if the clearance form is signed by all parties, as it is just a formality it may be lodged via the silver box at Olympic Park. It is the requesting club's responsibility to confirm receipt of a junior clearance form.
 - ii) Non-financial players/members will not be granted a clearance.
 - iii) The Clearance Secretary will, within 48 hours of receiving any clearance application, advise both clubs listed on the form.
 - iv) The Club then has 14 days to convince the player to withdraw the clearance. If this is not done within 14 days the clearance becomes automatic. If the clearance is to become effective in less than 14 days the player/club must obtain the signature of the Club Junior President or Junior Secretary of the club the player is leaving on the form.
- b) No clearance is required from a new player entering this Association providing that they are a resident within the Associations boundaries. Players outside the Association boundaries must have a clearance - a facsimile transmission is acceptable, if they have played for a club in the previous season.
- c) A player transferring from one club to another is not eligible to play until a clearance has been received and finalized by the Clearance Secretary.
- d) A player registered and playing with a club in the current season, cannot apply for a clearance from that club after the fourth completed minor round, but upon receipt of a written request, where both clubs involved agree to the clearance, the LJT may sanction such a clearance.
- e) Any clearance will be invalid unless the players date of birth and a parent's signature is present.

11) Cancellation of matches

Matches must be played except when cancelled by the LJT executive. Cancellation will be placed on our tennis calendar at www.tennis.com.au/mountgambier/ and on our facebook page by 7.30am on the Saturday morning for Saturday morning matches and for Friday night matches 3pm on the Friday night, of the cancellation. An SMS will also be sent out to those Club Representatives who have provided their contact details on the Season Information Sheet at the beginning of the season. Such an announcement will be made in the event of extreme weather. All players must otherwise be ready to play at the schedule time and wait until at least 9.30am after which time play can be abandoned. It is ideal if the supervisors agree on this issue. The safety of the players is paramount when the condition is compromised by wet weather. No player is to be made to take the court if they feel the court surface is unsafe, therefore if either player

feels unsafe, play is not to resume. Parents have final say over the junior players in regard to the potential safety of the court surface.

If after a further 15 minutes no more sets are able to be played then team B with all sets ready to play may on written protest claim the match. Remember that the order of play was designed to give all players the chance to play at earlier times and use the new tennis balls. It is therefore in minor rounds used as a structured, but not necessary compulsory rotation system.

The Committee reserves the right to take further action upon receipt of the report. If further action is deemed necessary, parties involved will be required to attend an appropriate meeting convened by the Association Secretary.

21) Umpiring

All players should be aware of the following basic principles when playing a match without a Chair Umpire:

- a) Each player is responsible for all calls on his/her side of the net, however it should be noted that a Court Supervisor or Referee is permitted to reverse an incorrect line call. This reversal may be made by the official located within or outside the court enclosure. On the first occasion where this occurs the point will be replayed (regardless of whether it was point winning shot or not) and for subsequent incorrect calls the player loses the point.
- b) If in the opinion of the Court Supervisor or Referee an incorrect line call is a deliberately blatant action the offending player will automatically lose the point and may receive a code violation for Unsportsmanlike conduct.
- c) All "out" or "fault" calls should be made promptly after the ball has bounced and loudly enough for the opponent to hear.
- d) If in doubt, the player must give the benefit of the doubt to his/her opponent.
- e) If a player incorrectly calls the ball out and then realises that the ball was good, the player who called the ball out loses the point.
- f) A service "Let" may be called by either player/team.
- g) Foot faults may only be called by an official standing on court or by a chair umpire. Players may be requested to correct their foot faulting problem by a Referee or Court Supervisor, who will require the player to make an effort during the match to rectify the problem. The receiver may not call a foot fault against the server.
- h) The receiver must play to the reasonable pace of the server.
- i) The server should call the score before each 1st serve, loudly enough for his/her opponent to hear.
- j) If players cannot agree on the score, they should calmly discuss the points/games that are disputed. All points or games which the players agree on stand and only those in dispute should be replayed i.e. two players cannot agree on whether the score is 40-30 or 30-40 and disagree only on who won the first point in the game. The game shall continue from 30-30, since both players agree that they have won two points each. When the game score is in dispute the same principles applies i.e. two players cannot agree on 4-3 or 3-4, and disagree only on who won the second game. The match shall continue from 3-3, since both players agree that they won three games each. The player who received in the last game that was played will serve in the next game.
- k) When a player has created an involuntary hindrance (ball falling out of pocket, hat falling off, etc), the first time a "let" should be called and any similar hindrance thereafter will be ruled

deliberate.

- l) Any hindrance caused by a player that is ruled deliberate by the relevant official will result in the loss of a point.
- m) Where a ball interrupts play, either by rolling/bouncing onto the court, and/or creating a visible interruption behind the court a let should be played. Either player can call a let in these circumstances provided they do so in a timely manner. Where this is between a 1st and 2nd serve, a second serve only should be played.
- n) In a situation where a ball is lying on the court at the commencement of the point it will be deemed to be part of the court during the rally. Movement of this ball during the rally does not constitute hindrance.
- o) Players are entitled to request the opponent to remove the ball from the court prior to the commencement of the point.
- p) Players should only leave the court for a toilet break or any other reason with the permission of Referee/ Court Supervisor.
- q) If at the completion of a match, the players involved realise that the scoring format used is incorrect, the match result shall stand provided all players have left the court enclosure. If the mistake is realised before the players have left the enclosure, the correct scoring format should be used to finalise the match. If this is not possible (i.e. the match has progressed beyond the point where the correct scoring format can be implemented), then the score based on the incorrect format stands.
(Refer to correcting errors in the Rules of Tennis)
- r) Where a code violation second offence / Point Penalty is determined by the Referee or Court Supervisor this may be applied at anytime during the specific game where the offence occurs. If the point penalty cannot be issued during the specific game a code violation second offence will still be issued. It should be noted that any code violation second offence between games is deemed to be part of the following game.
- s) If a player is unhappy with his/her opponent's actions or decisions, he/she should call the Referee (or assistant) immediately. This may include any disputes regarding Lets, Foul Shots or Not Up situations where players cannot reach agreement.

Players who do not fairly follow these procedures could be subject to the Hindrance Rule and the Unsportsmanlike Conduct provision of the Code of Conduct. Any questions on these procedures should be referred to the Referee.

In a situation where central and line umpires are available, it is suggested that umpires stand as illustrated below.

- a) One central umpire

b) One central umpire and one line umpire

c) One central umpire and two line umpires

22) Etiquette

- i) When ball persons are not available, all balls on your side of the net are your responsibility, to pick up and, where appropriate, return directly to the server.
- j) The receiver should not return the first service if it is an obvious fault - let it go by or ground it.
- k) Do not enlist the aid of spectators, including parents, coaches in making line calls, or attempting to determine the score or other on-court matters.
- l) To avoid controversy over the score, the server should announce the game score before starting a game and the point score prior to serving for each point.
- m) Wait until a point is over before walking behind a court where a match is in progress.
- n) To retrieve a ball from another court or to return a ball to another court, wait until the players have completed a point.
- o) Don't stall, sulk and complain.
- p) Screaming regularly and loudly, whether in relation to winning and/or losing a point is likely to cause interference to play on nearby courts and may be considered unsportsmanlike conduct.
- q) Overt celebration directed at an opponent may be considered intimidation, and therefore unsportsmanlike conduct.
- r) In doubles when returning service, the partner of the receiver should generally call the service line for him/her. The receiver should generally call the centre and side service lines. The call needs to be loud enough to stop their opponents/partner playing.
