1.0 GENERAL RMS REGULATIONS

1.1 OVERVIEW

The Regional Matchplay Series (RMS) is a NSW Tennis Country based series of events broken down across the 6 regions of NSW (North East, North West, Northumberland, Central West, South West & South East) designed to give players diverse and targeted competition in a competitive match play environment by utilising a combined UTR and regional points ladder to determine who advances to different levels of finals. The series is designed to give young regional players an enjoyable and competitive match play experience across their local region while also providing players with the opportunity to improve their Universal Tennis Rating (UTR).

These series consist of up to 16 weekends of events across the year consisting of multiple single day round robin events allowing multiple opportunities to progress through to the Regional and State Champion of Champions event.

The 2026 Regional Matchplay Series will be run throughout 2026 within each player's home region at venues set out by their Regional Matchplay Committee and on dates set by the Regional Matchplay Committee and published in the event/tournament calendar. The following set of rules will be in place and applicable to the administration and operations of all events associated with the Regional Matchplay Series. These Rules will be supported by Regulations (each regions Regulations) which are specific to each region's RMS and are be read in conjunction with these Rules.

These Regulations are also to be read in conjunction with the Tennis Australia Competitive Play Regulations for both Junior and Opens competitions. In the event of an inconsistency between these Regulations and the Tennis Australia Competitive Play Regulations, these Regulations will prevail to the extent of the inconsistency.

Each Regional Matchplay Committee holds delegated authority to administer and oversee RMS events in their own region in accordance with these regulations, however as NSW Tennis Country holds oversight authority of Regional Committees and as such NSW Tennis Country also holds final authority regarding RMS events.

1.2 - PLAYER ELIGIBILITY

To be eligible to enter an RMS event for 2026, all players need a Tennis registration (ID) number to enter the Regional Matchplay Series events. A player's registration number is an 11-digit number starting with 66. If players do not have an ID number, they should visit <https://www.tennis.com.au/competitiveplay/competitive-player-profile> if a player has trouble after visiting the website you can contact Tennis Australia Customer Service or via email customersupport@tennis.com.au or on 1800 PLAY TENNIS (1800 752 983)

All entries are subject to review and approval by the relevant Regional Matchplay Committee and each committee holds the authority, in their absolute discretion, to deny entry to any player who has in the opinion of the Regional Matchplay Committee been found to have offended any provisions of a Tennis Australia or Tennis NSW policy or procedure, any rules and regulations relating to the RMS events or any other endorsed NSW Tennis Country, Tennis NSW or Tennis Australia event or competition.

Any player denied entry into an RMS event (Including Metro Based Players) may appeal to the Tennis Country Management Committee any decision to deny entry by contacting the relevant point of contact on the contact list contained within this document.

1.6 – PLAYING OUT OF AGE

As the 2026 RMS event will be delivered by way of UTR rating band, there is no restriction as it relates to age.

For the avoidance of doubt, a player who is eligible to play in the 10U is also eligible to enter the banded UTR event however points earned will not be transferrable from UTR banded events into the 10U event unless permission has been requested and granted by the respective regional committee no later than the 1st of April of each RMS year.

1.7 – PLAYING INCONSISTENT GENDER

A player who enters either the UTR banded event or the 10U event will only be permitted to play inconsistent with their gender as displayed on their birth certificate if there is an insufficient number of entries in the appropriate event or tier to allow the event to run.

Should a female player be required to play in a male event due to insufficient entries the Regional Pathway Coordinator will place that player in the most appropriate male tiered event at the discretion of the Regional Pathway Coordinator and points will be awarded consistent with results in that event

The purpose of an official at an RMS event is to act in the role of a Court Supervisor irrespective of their level of accreditation with a focus on player and spectator behavior. An official working at an RMS event should not under any circumstances involve themselves in the administration of an RMS event or the production of an RMS draw, card or playoff unless that person also holds an additional role.

1.10 – CORRECTING POINT ERRORS.

In the 2026 RMS events, each regions points score will be updated on the 15th of each month and published on the Tennis NSW website, along with each regions Facebook page where possible.

A player can raise an objection via email addressed to the relevant Regional Pathway Coordinator. If an objection is not raised within the 30 days period, then the points ladder as published will be considered correct and will not be amended even if an error has been identified.

Should an error be identified by the Regional Pathway Coordinator or the Regional Match Play Committee absent an objection by a player being raised then the error may be corrected only with the permission of NSW Tennis Country.

1.13 – FORMATS OF PLAY

Note: The effect of this provision means that for all purposes a player who fails to complete all matches in their round robin card will be treated as if they did not play any matches at all and the scores will have no effect on who advanced to the playoffs.

1.23 – TENNIS AUSTRALIA NATIONAL POLICIES

1.25 – COUNT BACK FORMULA

In the event of a countback being necessary to determine which player advances to the playoffs or which player advances to the Regional Champion of Champions because of a tie on the points ladder, the following formula will be applied consistent across all regions.

Play Offs

1. Greatest number of match wins, otherwise
2. Head-to-head results if only two (2) players are tied, or if three (3) players are tied, then
3. Highest percentage of sets won (sets won against sets played); then if still tied:
4. Highest percentage of games won (games won against games played).

If Point 3 or Point 4 produce one winning player (first place), or one player for third place, and the two remaining players are tied, the tie between those two players shall be broken by head-to-head record.

Regional Champions Advancement

If at the conclusion of all RMS events 2 or more players are equal on the points ladder and unable to be separated based on the method used for advancement in their region, then the player with the highest total points across all RMS events for that particular year will advance.

In the event that players remain tied on total points then the player with the highest UTR will advance.
