PICK UP & DROP OFF

Due to limited available seats and the travel time between the venue and official hotels, it is important that players seeking transport are ready and waiting at the pickup/drop off zones at reception of each hotel prior to the arrival of the transport vehicle.
Transport drivers will be sticking strictly to the timetable on the following page and will not wait for players if they are not prepared to leave on time.
Players who miss a scheduled time will need to wait for the next vehicle.

RESPECT YOUR DRIVER

Players must respect other passengers and their drivers at all times. Failure to do so will result in removal from the vehicle and the player being banned from transport for the remainder of the event.
