

Tennis Program Packages

The Sporting School tennis programs complement the already existing ANZ Tennis Hot Shots Program where over one million students have been exposed to tennis at schools over the past three years. Tennis is very passionate about supporting schools with the delivery of sustainable health and physical education programs and as the National Sporting Organisation (NSO) for Tennis, we look forward to assisting you with this. Tennis Australia is offering two programs as part of the Sporting Schools initiative, based on the ANZ Tennis Hot Shots program.

The **Partnership** program is the most suitable program for schools that are looking to deliver tennis within their curriculum during class times and is focused on skill acquisition and learning the technical elements of the game.

The **Play** program is recommended for schools where the student's skills are more developed and at the stage where they are ready to participate in structured competitions, events and matches. For schools who are already involved in the Partnership program, the Play program assists in transitioning students into 'playing the game' or competitive situations.

The recommended pathway for schools is to start with the Partnership program and then transition through to the Play program.

Programs	Inclusions	Equipment Pack	Teacher Delivered	External Deliverer
Partnership Program <i>(New partner school)</i>	<ul style="list-style-type: none"> Curriculum delivery resources (linked to National H&PE) Professional learning for teachers (online and face to face) Free 19" tennis racquet for students in their first year of school (foundation students) Equipment replenishment gift VIP tennis experiences e.g. Australian Open, AO Series Events 10% discount on equipment Wilson ball offer (once a Term) National Court Rebate (funding for courts/lines) 	<ul style="list-style-type: none"> 6 by 3m nets 30 tennis racquets 1 equipment bag 4 dozen red balls 2 rolls of barrier tape 2 packs drop down lines ANZ Tennis Hot Shots for Schools delivery resource (lesson plans & activities) 	\$800*	\$800* (cost of equipment pack) + \$200 - \$480 (cost of coaching - min and max price based on coach prices of \$50 to \$120 per hour, based on four 1 hour sessions)

<i>INtennisCITY</i>	used to implement the playing opportunities
<i>Information Technology</i>	provide opportunities for students to access for the recording of match scores

Things to include in the additional comments section when making a booking in the Sporting Schools online booking system:

- If your school has already made contact/organised a coach
- If your school would like to purchase an additional equipment pack

If your school wants more than the minimum of 4 sessions, either mention it in the comments section or create a 'repeat' booking in the booking system.

Both programs are inclusive, facilitate active play and are made up of fun tennis activities which support skill acquisition and movement all whilst 'playing the game' in a meaningful way. Through both programs, students will become confident and competent which is important when trying new sports. Tennis can be participated in by both boys and girls of all ages and abilities. The aims of the programs are to support schools with sustainable health and physical education programs whilst also increasing the participation and activity levels of students.
