In the event that a SCLM.W.T.A fixture team needs a spare player for a match you may be contacted by the team captain. This will hopefully allow you to play with and meet a number of different teams throughout the season. Ultimately you may wish to join an existing team or make your own team with players who you meet. If you are unsure which grade you are able to reserve for, please contact our secretary who will organize a grading hit.

Should you become registered with a team or are no longer able to reserve, please email sclmwta@bigpond.com and your details will be removed from the website.
