EXPERIENCE

Tasmania

Hobart

VOTED THE BEST CITY IN AUSTRALIA, NEW ZEALAND, AND THE SOUTH PACIFIC IN THE 2023 TRAVEL + LEISURE WORLD'S BEST AWARDS

Tasmania is a place where the uncommon is common. Where you can throw off the shackles and feel everything deeply. It is the antidote to the straitjacket of modern life. Tasmania is no ordinary place and Tasmanians are no ordinary people. It is a place that finds joy in non-conformity and you'll discover soul-enriching experiences that are raw, beautiful and honest – on and off the court. You've come to the edge of the world, to beautiful Tasmania - make sure you experience a little of the local culture and wilderness whilst you're here. There are many uniquely Tasmanian experiences awaiting you, including...

WALK ON KUNANYI – WILD WELLNESS FIRE & ICE WALK

This wild wellness experience will have you discovering the wonders of kunanyi / Mt Wellington like never before. You'll be coached through Wim Hof Method breath work and icy river plunge (by Piet, trained by Wim Hof himself) followed by writer-led journaling beside a roaring fire and mountain stream. This is a group experience for up to 10.

PENNICOTT WILDERNESS JOURNEYS

Harvest and feast on the freshest Tasmanian seafood in an intimate full day cruise in the calm waters surrounding Bruny Island. Watch your guide snorkel and dive for abalone and sea urchin. Enjoy a diverse range of Tasmanian seafood with the bays and deserted beaches of Bruny Island as your backdrop. Sit back and watch your guide shuck abundant plump oysters. Sample the unique flavour of sea urchin straight from the sea. Savour rock lobster, abalone

and salmon accompanied by fresh breads, salads, cheese and Tasmanian wines, beers, ciders and organic juices

BONORONG WILDLIFE SANCTUARY

Bonorong is a Sanctuary for wildlife run by a passionate team of like minded people. They're a social enterprise: a little business with a big heart. Just 30 minutes north of Hobart's CBD, Bonorong is home to many animals, including Tasmanian devils, wombats, echidnas, birds, quolls and more.

There are also free-roaming Forester kangaroos who are always keen for a good scratch on the chest and some gentle hand feeding (roo food included with entry).

ROYAL TASMANIAN BOTANICAL GARDENS

Tasmania is known for its wild beauty, but its gardens show that nature can be tamed to beautiful effect. Discover parks and gardens that celebrate order and others that showcase native flora.

HOBART REAL TENNIS CLUB

The Hobart Real Tennis Club, founded in 1875, is one of the oldest sporting clubs in the southern hemisphere. It is the oldest real tennis club in Australia and one of the oldest active clubs in the real tennis world. The game was introduced into Australia by Samuel Smith Travers in 1875, when he built the first court in Hobart. Courts were later built in Melbourne, Ballarat, Sydney and Romsey, although only Hobart, Melbourne and Ballarat are still operating today. The Hobart court is substantially unaltered from its original construction, except for the installation of electric lighting last century. The historic clubhouse, which fronts Davey Street, has been progressively renovated and extended over the years, but retains its original character and charm. The club is a fine example of colonial architecture.

PORT ARTHUR HISTORIC SITE

The UNESCO World Heritage-listed Port Arthur Historic Site, located 90 minutes drive from Hobart is Australia's most intact and evocative convict site. There is a lot to see and do with more than 30 historic buildings and ruins to explore over 100 acres so you'll want to allow a minimum of three to four hours.

BANGOR VINEYARD – ROTORLIFT AVIATION (HELICOPTER TOURS)

Bangor Vineyard Shed is an award-winning Vineyard, Restaurant and Function Venue, located 45 minutes from Hobart CBD, on Tasmania's tourist route to Port Arthur. Incorporating beautiful Tasmanian timbers and architecturally designed to take in the picturesque views over Bangor vineyard and Blackman's Bay, Bangor is all about fine wine, fresh local produce, sweeping views, and a warm rural welcome that'll make you want to stay awhile.

HASTINGS CAVES & THERMAL SPRINGS

Ornate caves, thermal springs and forest walks make an inspiring day trip to Hastings Caves. Located south of Hobart in Tasmania's Wilderness World Heritage Area, the caves were discovered by timber workers cutting trees near the entrance to Newdegate Cave in 1917. Relax in the 28-degree waters of the thermal pool, or set out on an easy forest trail. The short Platypus Walk (5-10min) along the stream behind the thermal pool, with a good chance of spotting the namesake monotreme. The longer Hot Springs Track leads to a confluence where the warm waters of one creek meet the cold waters of another.

MARIA ISLAND DAY TOUR

Don't miss this opportunity to leave your everyday world behind and experience something truly extraordinary - encounter Maria Island! Located off Tasmania's East Coast, Maria Island is only a short trip by ferry from Triabunna, but as far from ordinary as you can imagine. Rich in indigenous and European history, abundant in wildlife, boasting spectacular views and remarkable geological features, the entire island is a National Park, managed by the

Tasmanian Parks and Wildlife Service. Explore the township of Darlington - one of 11 convict sites in Australia inscribed on the UNESCO World Heritage List. Enjoy short walks on the island, explore the fascinating Fossil Cliffs or Painted Cliffs (weather permitting).

SOUTHERN SEA VENTURES

Southern Sea Ventures is a globally renowned sea kayaking company based in Hobart Tasmania. For over 33 years we have specialised in high quality, guided multi-day sea kayaking tours to remote and iconic destinations around the world. Southern Sea Ventures was established in 1988 and has grown from running a single tour on Hinchinbrook Island to offering a current total of 25 different trips around the world. Born of the spirit of adventure and exploration, we are constantly seeking new trips and destinations while continuing to consolidate our experience with particular destinations.

MONA

Mona is the playground and megaphone of David Walsh, who grew up in Tassie (just down the road from Mona), dropped out of uni, played cards, won, did some other stuff, and opened a small museum of antiquities to which no one came. He declared it a triumph and decided to expand. The result is Mona, a temple to secularism, rationalism, and talking crap about stuff you really don't know very much about. We won't tell anyone. Come and play. Catch the ferry from Hobart. Sit on sheep.

TENNIS AUSTRALIA

Staff

It is with great pleasure that I welcome you to the 2024 Australian Seniors Championships, hosted by Tennis Tasmania & Tennis Seniors Australia.

Tennis is a game for life, and those competing in the Seniors Championships share a love for the sport and a burning desire to compete at a high level, as well as enjoy many social events during the tournament. Ten tennis clubs in Hobart and Southern Tasmania will host the 2024 Championships, most within a short distance of the capital, with a team's carnival in the first week followed by the ITF MT1000 tournament, offering singles, doubles, and mixed events in 5-year age brackets starting at 30 years.

Good luck to the 1000-plus competitors taking part and the many volunteers who work tirelessly to make this a first-class experience. For all those coming to watch, you are in for a treat. Seniors tennis in Australia is booming, with many aspiring to compete at the ITF Masters Team World Championships. In 2023, Australia battled well above its weight, with 10 players bringing home World Championship gold medals, and 8 returning with silver medals. Australia also won two ITF Masters World Tour teams events in the men's and women's 65+ bracket.

Many competing have had significant elite careers and are motivated to maintain their fitness, set new challenges, practice and improve their skills, make friends, and travel to new places. It all starts at the fiercely contested Australian Seniors Championships in January, a great opportunity for tennis players of all standards to learn from their Seniors!

Craig Tiley

CEO - Tennis Australia

On behalf of the Executive of Tennis Seniors Australia I would like to welcome everyone to the 2024 Australian Seniors Tennis Championships in Hobart, Tasmania. We welcome players and partners from all States and Territories in Australia as well as our tennis friends from New Zealand, China and Malaysia. Special thanks to Tennis Tasmania and their team Darren, Hannah and Matt for presenting the event. TSA also thanks all Sponsor in helping the Event Delivery.

May all Teams and players continue to play Championships in the Spirit that makes the event special. We look forward to catching up with old friends and making new ones on and off the courts at all the social events planned.

Michael Evans

Tennis Seniors Australia President

TENNIS TASMANIA

Staff

Darren Sturgess

General Manager of Tennis Tasmania

Martin Turmine

President of Tennis Tasmania Board

After months of planning, I am looking forward to welcoming all our players and guests to Tennis Tasmania and our state.

Hobart is a very special place to host the Australian Seniors Championships, running a large-scale event in a capital city, collaborating with ten of our Tennis Clubs in the southern of Tasmania and working with small businesses to produce an outstanding event. To everyone arriving, make sure you take some to explore all the sights and fresh produce that Tasmania has to offer.

To our players, Good luck, play well and take a moment to cherish the incredible sport and community that we have.

Hannah Sneath

Championship Organiser Tennis Tasmania

With 123 teams, and 21 divisions, the tennis courts in Hobart and surrounds are at maximum capacity which is fantastic to see. This overwhelming turnout is a testament to each player's unwavering passion and commitment to the sport.

The Seniors Championships are more than just a gathering of skilled athletes; they are a unique event where fierce competition mingles with enduring social memories. Each match provides an opportunity to showcase your talent, resilience, and love for the game, but remember, this championship is more than winning; it's about the camaraderie, the shared passion, and the joy of competition.

Embrace the spirit of fair play and good sportsmanship as you engage in each thrilling rally. Off the courts, immerse yourself in all that Hobart and Tasmania has to offer. From water-side dining to incredible wilderness experiences, there are activities for all to enjoy.

Let the games begin!

Matthew Lamont

Tournament Director Tennis Tasmania

Dear Australian Seniors Championship Participants and Guests, It is with immense joy and pride that we welcome you to picturesque nipaluna / Hobart for the much-anticipated 2024 Australian Seniors Championships.

lutruwita / Tasmania, known for its breathtaking landscapes and rich heritage, offers more than just a backdrop for the Championships; it is a source of inspiration, blending the beauty of nature with our love of tennis.

At Tennis Tasmania, our commitment to the sport goes beyond hosting; we are ardent supporters, avid enthusiasts, and tennis devotees, eagerly awaiting the chance to celebrate this wonderful game with you.

Tennis transcends the bounds of a mere sport. It is an odyssey of endurance, skill, and strategy. But most importantly, it is a conduit for establishing new friends and building lasting bonds for a lifetime. This Championship celebrates the diverse playing group, backgrounds and skill levels, united by their love for the game and the spirit of fair competition.

As this Championships unfolds, we invite you to embrace the tennis around the city at our host venues, share experiences both on and off the court with your team and opponents, and enjoy all that Tasmania has to offer so you can create truly spectacular moments and memories that will resonate long after the Championships have concluded.

To our players, thank you for choosing to travel to here and we wish a Championships filled with enjoyment around our shared love for tennis.

Together, let's make this championship a celebration of tennis, friendship, and the unifying spirit that our great sport is known for.

Welcome to nipaluna/Hobart, and welcome to lutruwita/Tasmania.

Enjoy the Championships!

Stringlab welcomes all players to the Australian Seniors Championships. This will be the fourth time we have supported this event with stringing and equipment service and support. Our shop front will open each morning from 8am. We will aim to do much of our restringing during the night so we can have a quick turnaround for players with matches the following day. We will have a drop off and pick up point for out of hours for instance players leaving early on a bus to a suburban match centre. We stock all your tennis accessories particularly shoes, socks, grips etc. to keep you on the court.

RESTRINGING PRICING \$30 LABOUR
(String costs as per website)

You can find all our stock and further information specific to the fortnight at:

WWW.STRINGLAB.COM

Looking forward to meeting you,

CARNIVAL REGULATIONS

2024

TENNIS SENIORS AUSTRALIA INC.

Regulations (full) for the Australian Team Carnival (Revised August 2023)
In view of the national importance of this event, the Host State, under the auspices of TSA, shall conduct the ATC in accordance with the Regulations set out below:

OWNERSHIP

The Australian Team Carnival is owned and under the direction of TSA. The AIC is an IF Masters event played under IF tour regulations. The ATC and AIC are played in consecutive weeks under the broad title of Australian Seniors Tennis Championships and hosted - in rotation - according to a schedule determined by TSA. It is also acknowledged that circumstances may change from one Host State to another, and these Regulations may be amended or modified with the agreement of TSA.

VENUES

When Host States are selecting venues for the Australian Team Carnival and the Australian Individual Championships, full consideration must be given as to whether the available facilities offered (or accessible to them - e.g. within a surrounding area or district), are such that they can enable the Regulations to be complied with in all respects while maintaining an acceptable degree of convenience for players, organisers and controllers alike.

AUSTRALIAN INDIVIDUAL CHAMPIONSHIPS

Note the Australian Individual Championships normally follow the Australian Team Carnival - the two events are played in consecutive weeks unless agreed to by TSA. The Australian Individual Championships is an ITF MT1000 tournament and is played subject to the ITF Masters Regulations, as per any other ITF event. This document refers predominantly to the conduct and operation of the Australian Team Carnival although there are some references to the Australian Individual Championships also.

MANAGEMENT AND CONDUCT

The ATC shall be managed and conducted in accordance with the current Rules of Tennis Australia, and these Regulations.

i. The Host State shall appoint the Chairman of the OC. The Host State takes on the organisation and management of the events with no financial guarantees of any sort from TSA, unless otherwise specifically agreed to in writing.

ii. The Chairman so appointed shall in turn appoint an OC which will be responsible for the progressive organisation of the events and their overall day-to-day direction. This appointment occurs ideally 18 months in advance. The TSA Secretary will provide a timeline document as a guide to the key tasks that are required to be performed for the efficient administration of the events, as well as the responsibilities for these tasks. It is essential that the OC complies with these timeline objectives.

iii. Each member of the OC shall be made responsible to the OC Chairman for a particular assigned function/s, and the composition of the OC may vary depending on the circumstances of the particular Host State. Typically, in the past such functions have included:

- Tournament arrangements - entry forms, entries, balls, draw, results etc
- Treasurer - budget, financial controls and results, banking, prize money, receipts, insurance etc
- Playing venues and ground arrangements
- Transport
- Communications and Publicity
- Player Relations and facilities - player bags and booklet, medical etc
- Catering and Entertainment, social functions
- Souvenirs and Sales/Merchandising
- Tournament Secretary
- Sponsorship's

iv. A Tournament Director (TD) shall be appointed, who may or may not be a member of the OC, and whose responsibilities are set out later in these Regulations.

v. A Referee shall be appointed for the ATC who shall ensure that all matches are played in accordance with current rules, regulations and policies as follows: Tennis Australia's Code of Conduct and Member Protection by-laws; Rules of Tennis Officials Australia and these Regulations, as applicable.

vi. A Tournament Manager (TM) shall be appointed (unless specifically agreed otherwise by the TSA Executive) who, in conjunction with the TD, shall ensure that draws are made and updated, results are updated, and matches scheduled so that the events are completed within the designated time frames.

vii. Some guidelines for the OC, TD and TM to follow are:

- Medals should be presented to the winners of all events.
- Ideally runners-up should also receive a medal at the discretion of the HS, dependant on entry numbers and budget considerations.
- For AIC spread events over the whole week - an event should finish at the earliest on Thursday
- Attempt to play all finals at the host/main venue, spreading finals over the day or morning - not all at the same time, particularly in the ATC.
- All matches within an event in the AIC must be played on the same surface and this should be advised beforehand so that players can practice on that surface.
- Unless exceptional circumstances apply (which shall be at the sole discretion of the TD/HS) no refunds will be given after teams have been submitted by State Divisions and after the draw is done for the ATC.
- In the AIC, the HS must offer Consolation singles (ITF Rule)

viii. A suitable venue and facilities are to be arranged for the TSA Annual General Meeting which is to be held one evening during the week of the ATC. The costs of the AGM and any other meetings will be for the account of TSA.

ix. Players entering the ATC must have reached the required age for their events by or on 31st December of the year in which the events are played. It is the responsibility of each State to ensure that this restriction is complied with - if it is found that this is not the case, then the penalty clause 2.xxix "Penalty for ineligible players" could apply at the discretion of the TSA Executive.

x. The TSA Executive in conjunction with the Host State should finalise the format of entry forms, entry fees, scorecards, players' booklet and any other ancillary documents, in accordance with the timeline document.

xi. Responsible supervision must be provided at all playing venues at all times, while play is in progress - ideally a Court Supervisor at each venue being used.

xii. A copy of these full Regulations shall be available at each playing venue and included in the Player Booklet in a short form version.

xiii. The full program of matches (times and locations) is to be displayed prominently at each venue in a position accessible to all. Progressive scores are to be calculated and be on display at each venue for viewing prior to, and during, each day's play. In the AIC results are to be regularly posted on the main scoreboard at the major venue.

xiv. In respect of any disagreements or disputes regarding the interpretation and implementation of these guidelines, rules and regulations, the final decision will rest with the TD in consultation with the Referee for tennis related matters, and with the TSA Executive in respect of organisational/administrative matters.

STRUCTURE, FORMAT AND RULES OF THE ATC

i. Men's and Women's teams from all States are to compete in a round robin type tournament in the various Age Groups.

ii. The State with the best overall Team Result will be awarded the perpetual TSA Teams Trophy for being the Premier State in the particular year.

iii. Teams shall consist of four or more players all of whom should participate during the week of the ATC. Ideally 5/6 players should be in a team.

iv. Team members representing a particular State must be permanent residents in that State, or regular playing members of a tennis club in that State and registered financial members of their respective State and registered with their State or Territory Association - except that, with the consent of the OC, any team may include one player who does not meet these criteria. Players wishing to vary their eligibility for a particular State must first apply for clearance from their home State and they will be duly advised of the outcome of their application. Any disputes in this regard should be referred in writing to the TSA Secretary no less than 2 weeks before the team nomination deadline.

v. Teams from any country may compete in the ATC including finals (if played), and are eligible for the perpetual TSA

CARNIVAL REGULATIONS

2024

Teams Trophy, provided they have a minimum of 5 teams participating.

vi. Combined teams may be arranged between States all of whom shall advise the TSA Secretary of agreement for such teams. The teams will be eligible to score points for the perpetual TSA Teams Trophy and these points will be awarded to the State which has the most representatives in those teams. In the event there are equal number of players from two states in a team, the state that arranged the team will be awarded the points.

vii. Nominations must be made on the official team format which shall be updated as required from time to time. Players are to be listed in order of their current rating.

viii. No refund of team entry fees will be made for teams withdrawn after the Teams have been submitted by States and the draw has been, unless under exceptional circumstances. Payment to be forwarded to the TSA Treasurer on receipt of TSA invoice.

ix. Changes to teams after the close of nominations and after teams have been graded into sections, must be approved by the TD.

x. Team gradings must be submitted and approved by the TD and all competing States. In any situation where there is a lack of agreement on team grading, the TSA Executive shall adjudicate and make the final decision.

xi. In respect of the preparation of the draw, it is acknowledged that circumstances will vary year to year depending on the number of teams in each age group, and the number of teams in each section within an age group.

xii. The following guidelines will be applied in preparing the draws by the OC (or a representative thereof) and the TD, whose decisions in this regard will be final:

- The event will be played over 5 days.
- Teams will ideally play at least 7-8 matches over the week.
- A situation of teams playing each other 3 times should be avoided if possible.
- The playing of finals is encouraged, if applicable, finals will be played on the final day of the ATC.
- Retention of the "two six game set" format.
- The match rules will be updated from time to time as required and shown on the back of the score card. They should be read and understood in conjunction with these Regulations.

xiii. Where a playoff match does not reach a result as defined in the match rules, due to weather or other adverse conditions, the team that finished higher in the section will be declared the winner.

xiv. It is the responsibility of each team captain to:

- Check where they have finished in the round robin for their section and when and where they will be playing in playoff matches, if any
- Accurately complete each match scorecard including the final result and points allocation. The full names of all players, including fill-ins, shall be written on the scorecards.
- Sign each of their team match scorecards – once the match scorecard is signed, the final result will stand subject to the following regulation xv.

xv. If the TD finds there is a calculation error, where the total points do not add up to 10, or where the card is incomplete, he/she may at his/her discretion, confer with the 2 team captains in order to rectify and correct the scorecard.

xvi. Finals, if they are to be played, are played to a finish, unless due to weather or other adverse conditions this cannot be achieved, in which case a winner will be declared according to the match rules on the scorecard. If no result has been achieved i.e. 4 sets have not been completed (refer to the Match Rules on the scorecard) then the team that finished higher in the section after the round robin will be declared the winner.

xvii. Finals matches, if possible, are to be played at the 12.00pm time slots on the final day of competition and should be played at the main venue.

xviii. Court allocation and time draw

- The first named team in the Time Draw is to be regarded as the Home Team for each individual match. The Home team is to be responsible to collect the new balls and score card from the Tournament Supervisor at the particular venue.
- It is the responsibility of the winning team Captain to return the score card and balls to the Tournament

Supervisor. In the case of a draw, a cancelled match or an incomplete match, the home team Captain is responsible for returning the score card and balls. In the event that the score card is not returned, all scores will be forfeited by the responsible team.

- In order to play four matches each day, matches will be played during the following allotted time slots: 8.00am to 10.30am: 10.40am – 1.10pm: 1.20pm – 3.50pm: 4.00pm – 6.30pm
- Teams drawn to play at 8.00am will play their second match at 1.20pm, teams drawn to play at 10.40am play their second match at 4.00pm. These starting times and times between finish and commencement may vary depending on local daylight-saving time and/or other local factors.

xix. Other than for finals if played, the stipulated 2½ hours per match shall be adhered to. Alternative or additional playing times will not be scheduled for a match to make up any lost playing time.

xx. Sections should be drawn so that wherever possible teams play their two matches at the one venue on any one particular day. As far as practical, venues should be rotated to give all teams in the various Age Group Sections equal advantage. Wherever possible, the older Age Groups are to be drawn to play on courts of natural grass in preference to synthetic grass, synthetic grass in preference to clay, clay in preference to hard court.

xxi. Sections drawn to play at the 8.00am and 1.20pm time slots on any one day should be drawn to play the 10.40am and 4.00pm time slots the following day and subsequently alternating.

xxii. Weather conditions

- The Referee and TD shall be responsible to continually monitor the weather and determine its suitability for play in conditions of excessive wind, rain, lightning, smoke or heat.
- The Referee in consultation with the TD shall have full authority to stop play if playing conditions are considered unsafe for players.
- The Referee shall be guided by the provisions of the Tennis Australia "Extreme Weather Policy" which can be sourced at Tennis Australia Extreme Policy
- The Referee and TD are to suspend play at all affected venues until, in their view and according to the policy, play is safe to resume.
- During the period of suspension of play, all competitors scheduled to play through the day must remain at their court venues. Immediately it is decided that play should resume, players must return to their respective courts and resume play from the exact point where play ceased.

xxiii. Playing Format

- Players are to report to the allocated court fifteen minutes before the scheduled commencement time.
- Matches shall consist of four (4) doubles rubbers played on two (2) courts. Each rubber shall consist of two sets, first to six games with a seven (7) point senior tie-break at five games all. During the tie-break, players will change ends after the first point and thereafter every four (4) points in keeping with the ITF Seniors Regulations.
- Matches must be played to completion within the time allotted and not stopped earlier because a match decision has been reached. Every set won may affect the team's final position and the State's scoring for the perpetual TSA Teams Trophy.
- Play shall begin on time. The start and finish time to a playing session will occur when the "whistle" blows. When the start of the match is indicated, players arriving late are not entitled to a practice warm up. Matches must start promptly. When the "whistle" denotes the finish of a playing session, a point "in play" shall be completed and scored.
- Once players are available to start the third and fourth rubbers, i.e. if the third rubber can commence after any of the 1st two rubbers are completed, play shall commence without delay.
- Players are entitled to use the cross over period between rubbers for their warm-up time. Once players are available to start the third and fourth rubbers, play shall commence without delay, no hit-up will be permitted ... unless a new player is introduced, or players have to change court surfaces when a 3 minute warm-up is permitted. New players must be ready to commence to warm-up as soon as one of their match courts becomes available. Time delaying tactics are not to be used. Where this is brought to the attention of the Referee, the Referee, under time violation, may give a warning in the first instance and thereafter impose a penalty point for each subsequent violation.

- If play has been suspended for more than 30 minutes, players will be entitled to a warm-up not exceeding 5 minutes for the first match of the day and 3 minutes in subsequent matches.

xxiv. Captains toss

- The winner shall have the right to choose courts throughout the match. The 'home' Captain shall list on the score card his/her pairings for the first two rubbers. The 'opposing' Captain shall then list his/her pairings. Note that the 'home' Captain may fold the score card back if he/she desires to momentarily 'keep the lid' on his/her pairings.
- After the completion of the first two rubbers, the 'home' Captain shall list his/her pairings for the third and fourth rubbers. In turn the 'opposing' Captain shall complete his/her pairings.
- On each court, players shall toss to determine the right to serve/receive or have the choice of ends or give the opponents the right to choose.

xxv. Pairings. Throughout the match Captains may play their pairings in any combination, except that the pairings nominated for the third and fourth rubbers must not be the same as those pairings that played the first two rubbers. Any eligible team member may be introduced after the first two rubbers to play in the third and fourth rubbers. No more than 6 players in a team may participate in any one match for the 30 to 70 age groups. For the 75 and higher age groups no more than 7 players may participate in any one match.

xxvi. Illness or injury. During a match, if a player becomes ill or is injured during play, and is unable to continue, then that set shall be forfeited. The following specifically applies: if a player becomes ill or is injured in the first set of any rubber, that set is forfeited and another registered member of the team may replace the injured player and play in the second set – or – if after completion of the first set of any rubber a player is unable to play in the second set of the rubber, then the second set of that rubber shall be forfeited. Once an ill or injured player retires from the court, they are ineligible to play again in that particular match.

- If due to injury, heat exhaustion or emergency, a team cannot field four of its registered players, a registered player from the same State from an older Age Group or from a lower graded team of the same Age Group may be substituted provided the replacement player is of the same or lower rating of the player being replaced. The replacement player shall then play the full match. Such replacement requires the prior approval of the TD.

xxvii. Ineligible or unregistered players. If a team introduces an ineligible or unregistered player to allow a match to be played, the fact must be recorded on the scorecard, but the team will be penalised according to the penalty clause under "Scoring Method" in clause xxx. below.

xxviii. New players may not be introduced to a team after the second session on Wednesday. Unless under exceptional circumstances where a team cannot field four of their registered members for the remainder of the week. The approval of the Tournament Director (TD) is required.

xxix. Players in finals matches must be registered members of their team. In the event of an emergency, a replacement must be eligible as stated in clause xxvii. above. Such replacement is to be subject to the prior approval of the TD. In the event of uncertainty, the senior representative available from the State concerned must give an assurance that the substitute player is not stronger than the player being replaced.

xxx. Scoring Method

- The top teams in each Section will be determined by the highest total number of match and set points won over the week of competition.
- A match is decided when at least four sets have been completed and the time limit has been reached. The winning team of any match is decided on the number of sets won, and if sets are equal, the number of games shall decide. The winning team shall receive two (2) match points and one (1) set point for each set won and all scores are to be clearly recorded on the match score card. In an undecided match or in a drawn match where points and games are equal, each team will receive one (1) match point.
- A team receiving a forfeit shall receive a credit of two (2) match points plus 8 sets points and 48 games, and the team forfeiting a match shall not receive any credit of sets or games. Two opposing teams failing to play a scheduled match for any reason whatsoever will not receive any credit of sets or games.

- In the event of wet weather or other stoppage, the following shall apply:
 - A cancelled match is one in which there is no play at all. In this case both teams receive a credit of one match point plus 4 sets points and 24 games towards the final result of the round robin competition.
 - An undecided match is one where a decision has not been reached i.e. 4 sets have not been completed. Each team will receive a credit for the sets and games they have won plus 1/2 a set credit for each incomplete or unplayed set and one match point each for an undecided match.
 - Where a decision has been reached, the winning team will receive 2 match points and a credit for the sets and games they have won plus 1/2 set credit for each incomplete or unplayed set.
- Penalty for ineligible players. Where a team introduces an ineligible player to allow a match to be played, the subsequent actual sets scores involving that player must be forfeited and each scored 0-6 to the opposing team. The team forfeiting sets will receive a credit for the sets and games won by its eligible players.
- Should any team be unable to provide a pairing(s) to start either/both of the first two rubbers within 15 minutes of the scheduled starting time of the match, then the rubber(s) shall be forfeited. The 3rd and 4th rubbers must start as soon as practical and without undue delay. If a match cannot commence after one hour of the starting time, that match shall be forfeited.
- To determine winners or which teams will compete in finals and/or play-offs, the ranking positions in all age group sections will be determined on the points scored in the round-robin competition. Where the teams are tied on points, sets won will determine the rankings. Where teams are still tied on points and sets, games won will determine the rankings. If teams are still tied on points, sets and games, the head-to-head results will determine the rankings of the teams so tied.

xxx. Uniforms Policy

- All members representing a State must wear the uniform of that State while playing in matches. The TD in conjunction with the Referee shall be responsible to check and monitor player's dress to ensure players comply with this rule. Teams will be automatically forfeited one set in each match for each player contravening this Regulation.

xxxi. Trophies

- The Premier State for the year shall be determined at the end of the ATC and is to be presented the perpetual TSA Teams Trophy.
- A State must have a minimum of 5 teams to be eligible to participate in competing for the trophy.
- The winning State will be decided by the best percentage (%) of sets won and credited against sets played and credited during the round robin matches by all teams from that State, including all playoff finals. Actual match points (as distinct from set points) awarded in the minor round matches are NOT to be counted.
- In the event of a tie, the State with the largest number of teams shall be declared the winner.
