

Call for nominations

Like you, Tennis Victoria knows that Country Week is **THE** greatest community sporting event in the world! And the players who come and support the event year after year are what makes it so.

Tennis Victoria will annually recognise and celebrate such players. In 2020, we want to continue this tradition.

Call for Nominations:

Here is your opportunity to nominate a fellow Country Week player, or yourself, to possibly be recognised as a Country Week Legend. All nominations will be assessed by a Panel and initial successful nominations will be recognised at a presentation on Day 1 of play. Other nominations will be carried forward to future years for consideration.

In order to guide nominations, we've come up with the following guidelines, any or all of which you may wish to consider in lodging any nomination(s).

Country Week Legend guidelines

- Someone who has participated in many Country Week events
- Someone who epitomises what Country Week is all about
- Someone who has added significant and long term value to the positive experience and enjoyment of Country Week players
- Someone who has added a significant and positive contribution towards making Country Week such a great community based sporting event.

Note: Past and present Country Week players are eligible
