

2024 TENNIS VICTORIA PENNANT UTR GRADING GUIDE

This guide is intended to be used as an indication as to which Pennant Grade your team should apply for in 2024. The Universal Tennis Ratings shown are averages from last season, with singles weighted more than doubles due to the longer singles format.

Please note that grading takes into account many factors including UTR, previous Pennant results and tournament play and as such, a team's final Grade in 2024 may be different to what is indicated here.
