Terms & Conditions. The Optus Business Access Employee Plans are only available as special offers to those customers that Optus classifies as being a direct and permanent employee (Customer) of Optus Business customers (Business Customers). The following special conditions apply to all Customers connecting to the Optus Business Access Employee Plan for \$29, \$59, \$69 or \$79 per month unless otherwise specified: **(a) Eligibility:** Existing Optus Customers may only transfer to the Optus Business Access Employee Plan with Optus' approval. If the Customer ceases to be employed by the Business Customer or the Business Customer ceases to be an Optus approved company the Customer may be transferred to another plan at Optus' discretion. **(b) Minimum term:** Customers agree to sign up to the Optus Business Access Employee Plan for a minimum of 24 months (Minimum Term). **(c) Termination fee:** If the Customer's connection to the Optus Business Access Employee Plan on the Customer's account, regardless of the actual call charges incurred. **(e) Eligible calls:** All Plans include a component of included value, for eligible calls, as specified in 'More Information', depending on the Plan to which the service is connected. **(i)** The call types that are 'eligible calls' for each Optus Business Access Employee Plan are defined in 'More Information'. **(ii)** 1800 calls and 1223 calls are not included in any of the Business Access Employee Plans and charges apply for those calls. **(iii)** Each month the Customer will pay for eligible calls made beyond the included value of the Optus Business Access Employee Plan.

(f) Included Value Expiry: Any unused portion of the included value expires at the end of each month and will not roll over into following month. **(g) Optus Mobile Fair Go™ Policy** applies. **(h) Data usage meter and Optus Net email address:** The Business Access Employee Plans exclude access to a Data Usage meter and excludes an OptusNet email address. **(i) Plan Changes:** You can move Services up to a higher plan access fee during the Committed Term without any charge. The change will take effect immediately and the rates will be backdated to the start of the current billing cycle. If you move down to a lower access fee plan at any stage during the Committed Term, additional fees may apply. **(j) Excess data usage:** will be charged at \$0.10 per MB or part thereof, 1024KB = 1MB, 1024MB = 1GB and includes both uploads and downloads. For call rate details click on 'More Information' in the plan features. For a full list of Terms and Conditions and the Standard Form of Agreement visit www.optus.com.au. **Coverage:** The Optus 4G network is available in selected areas. 4G Dual band refers to our 4G 1800MHz/2300MHz coverage and devices. 4G Single band refers to our 4G 1800MHz coverage and devices. You need a 4G plan and a compatible 4G device to access our 4G coverage. Outside 4G coverage areas, 4G devices can access any available 3G network coverage. 3G dual band refers to our UMTS2100MHz/900MHz coverage and devices. When within a 4G coverage area, your data session may also access the 3G dual band network. **All voice calls use the 3G dual band network.** If you lock your device to the Optus 4G service, you won't be able to make or receive voice calls, including emergency calls. International roaming is only available on 3G and your 4G device will automatically switch to 3G when you use international roaming services. A number of factors may affect coverage including location, demand on the network and use of external antenna. Check coverage at optus.com.au/coverage. OBD0188_0613JP
