

Dear Teacher,

Thank you for your schools involvement with tennis and the ANZ Tennis Hot Shots program in 2013-14. It has been a huge 12 months with over 1,000 schools registering their interest to be involved and more than 750,000 children experiencing the program through schools, clubs and coaches. On behalf of everyone at Tennis Australia we thank you for providing this opportunity for your students to experience what tennis has to offer.

Please find enclosed the new partnership agreement which will now sign your school onto the program for life, or until you opt out! This will ensure that it is a much easier process moving forward, with less paperwork involved.

As you will see, the agreement has been pre populated with the details which you have provided us. Can you please check over these and make any changes which are necessary. You will also notice that the Program Partner (coach or club) details have been added in.

If you are happy to continue your relationship with your local coach/club, as you believe that this is adding great value to your students and families please sign the bottom of the agreement and send back to us in the provided pre-paid envelope. We will then notify your Program Partner that we have received the agreement from you and make sure that they have met their requirement to continue on.

This year there are some really exciting benefits for your school including:

- The newly designed ANZ Tennis Hot Shots Program T-shirt
- An increased Playback Rebate for your registered students
- A wide range of new professional learning opportunities
- The ANZ Prep initiative, providing your new little starters with their very first racquet
- The national primary school championships; a fun new teams event with amazing prizes on offer
- The AO Tennis Blitz

Once we have received your returned agreement we will then be able provide your school with all the benefits for being an official ANZ Tennis Hot Shots venue.

If you or your school has any questions with regard to their renewal of the National School Partnership Program or any other queries please do not hesitate to be in contact with the national office on (03) 9914 4000 or speak with your local Community Tennis Officer (CTO).

Thank you again to your school involvement with tennis and we look forward to continuing our relationship with you again this year.

Kind regards,

Craig Morris
Director Participation
